

Berlin series

Designed by Hertel & Klarhoefer, Germany

Simple, distinctive details merged in beautiful, durable craftsmanship – made from FSC® certified oak. The German design duo, Hertel & Klarhoefer, created Berlin with a precise approach to the design process. A series of elegant, minimalist coffee tables and benches that draw clear references to the Scandinavian nature. Constructed using visible mortise-and-tenon joints that emphasise the design's heritage and inspiration, while the sleek frames add a distinctly modern edge. The bench features a fitted cushion for softer seating.

Meet the designer

Berlín és sovint una gran font d'inspiració. Ens encanta la ciutat tal com és: una metròpoli creativa i natural. Tot i que moltes idees creatives neixen durant viatges i en altres països on abunden les coses interessants que ens criden l'atenció, també és cert que de vegades les millors idees es presenten en els moments més inesperats! Allò que més ens inspira és la materialitat de les coses. És per això que, ja en una fase molt primerenca del procés, treballem amb materials i prototips de mida real. Al començament d'un projecte, acostumem a tenir una idea conceptual que, tan aviat com podem, mirem de materialitzar en models i prototips físics. Però de vegades els projectes de disseny prenen com a punt de partida una idea tan abstracta que es pot expressar de moltes maneres diferents, depenent de com s'interpreti el material en qüestió.

When it comes to handcrafting undeniably inviting sofas, Softcom has been our go-to partner ever since they helped us create the Sepia back in 2013. Their production is FSC® and BSCI certified, the latter documenting a company's commitment to responsible sourcing and ethical business practices. A proof of which is the fact that their extraordinarily skilled craftsmen and -women, on average, have been with Softcom for more than 10 years.
