bont gin

welcome

Welcome to Bont Gin; a gin & cocktail bar overlooking the hustle & bustle of Cowbridge. We like to think of ourselves as a raw prohibition speakeasy fused with a stylish gin society, ask us for a 'pint of milk' and you'll be in for a surprise.

our story

Why the name? Why the cow? Why the white bottle? Well, our name is a simple nod to our connections with Cowbridge (Y Bont-faen) and Bridgend (Pen-y-bont) but the history behind our gin, our garnish and our bottle runs much deeper... into, believe it or not, milk!

After being founded by the Ladbrooke brothers in 1947, the hot summers of the 50s & 60s gave Bridgend Creamery a headache as the shelf-life of milk would naturally shorten. However, this gave them the idea to diversify. They adapted their bottling plant to produce an orange juice drink alongside milk, then sold it via their electric floats. The juice was an enormous success and rivalled dairy sales for many years.

The zesty orange flavour profile of Bont Gin and our recommendation of a slice of fresh orange as garnish is homage to that once famous pure orange juice. The cow on our label, our white bottle and the recyclability of it is a tribute to the creamery, it's bottling plant and the durable, iconic British milk bottle.

our journey

Our journey started with an idea over a few too many G&Ts back in 2013, fast forward to 2018 and we'd devised a simple recipe and finally decided to take the plunge...

In spring 2019 we made our first bottle of Bont, we perfected it over the following months and then with a 60L copper still in Nolton Corner (an award winning gin bar just down the road in Bridgend) we officially launched Bont during the unfortunate chaos of the 2020 pandemic.

Fast forward to 2021 and thanks to some wonderful support, Bont became a permanent resident on Cowbridge High Street as a gin bar and gin school.
