With our Soft Play set you can now create your own playground at home - and in style! Our recreational blocks not only boost children's imagination, but also teach creative thinking. The four-element set of modules can be used for playing, exercise or to create obstacle courses. Options are endless!

All our Soft Play Sets are handmade premium quality. The boucle fabric is nice to touch and will also last you a long time. While benefiting the children they also blend into your space lovely due to the neutral colours.

WOODEN

WOODEN SLIDES AND BALANCE BOARD

Which child does not dream of a slide at home? Create a home playground for your child and prevent boredom during bad weather! Comfortable two steps allow kids to easily climb to the top of the slide, while rounded, smooth edges ensure that kids do not get hurt while playing. Comfortable handles make climbing the slide easy and pleasurable, while also making it easy to move around the house.

WOODEN LEARNING TOWER

Whether it be in the kitchen, bathroom...or any other surface out of reach, the Kitchen Helper/Learning Tower is here to help your child participate in activities. They are a great addition to your home and will benefit you and your child encouraging independence and involvement in everyday tasks. It will also entail a stress-free kitchen as there will be no little ones under your feet while cooking.

Learning Towers will allow for your child to observe the next stages of preparing dishes, but also take an active part which therefore helps in brain development.

Our Learning Towers are extremely stable and allows you to adjust the height of the platform and change it to the size of your child.

INFLATABLES

INFLATABLE POOLS

Introducing our new summer pool collection just in time for the warmer weather! A cool, refreshing addition to your backyard that will keep your kids entertained for hours. These pools will create so much fun for your children. Setting up the pool is the easy part! Select a spot on your lawn, inflate the pool, add water and it is ready to go. Or you can use it as an inflatable ball pit by adding our range of CE certified play balls.
