This is a sample drawing of a kitchen space we can create a preliminary design and quote from.

1. Using the grid below, trace a detailed plan of your current kitchen.
2. Take precise measurements from one corner of the room to the next.
3. For each wall, note height and width of doors and windows (including frames) as well as their location.
4. Note the location of appliances, plumbing, electrical outlets and fan outlet, always from the middle of each item.
5. Specify the height of the ceiling.
6. Please have dimensions in feet or inches.

EXTRA NOTES: _____

You are also welcome to include photos of your current space as well as your inspiration photos. We look forward to helping you with your design.

Sincerely,

Global Alliance Home Improvement Products Inc.
