4WD AWNINGS

The Aussie Traveller 4WD Awning range is the perfect addition to any vehicle wanting to add extra shade or rain protection to make your trips away more comfortable.

The Aussie Traveller 4WD awnings are made out of high quality, poly-cotton ripstop fabric to keep you and your campsite dry and safe from the elements.

They are easy to set up on your roof racks and slim in profile. Packed with features like double sail tracks, these are the perfect awning for your next trip.

4WD SHOWER TENT

Take your campsite to the next level with the Aussie Traveller 4WD Awning Shower Tent.

This shower tent includes a privacy roof and can be set up in minutes, so you can enjoy a nice, fully private shower or changeroom in moments.

Packed with features, the tent is made out of strong 300D ripstop polyester with silver coating. The side walls are height adjustable, allowing the awning to be used on 4WD with lift kits installed.

Inside the shower, you'll find two mesh pockets, one at shower height and the other at toilet level, so you have space to store any toiletries.

The included awning bag is made out 1000D PVC with YKK zippers.

FEATURES

- Easy to set up roll out privacy roof
- Ripstop polyester with silver coating
- Fully height adjustable side walls, allowing the awning to be used on 4WDs with lift kits
- Two internal mesh pockets
- Includes storage bag
- Includes pegs & sandwich plate for fitment

LUXURY 4WD MATTRESSES

The 4WD Luxury self-inflating mattress is the perfect solution for those in need of a great night sleep whilst camping.

The Aussie Traveller Luxury 4WD Mattress offers pure comfort with its high density self-inflating foam. This luxury mattress is 120mm thick, providing you with plenty of support through the night. It also includes two self-inflating pillows (double & queen mattresses only), so you never have to worry about forgetting to pack your pillow. Whether you use it in your 4WD, tent, swag or even at home for visitors, you can be sure you'll get a good night's sleep.

HOW DOES IT WORK?

Simply roll the mattress out, undo the air plugs, and the foam within the mattress sucks in all the air it needs. Once it takes shape, do up the air plugs to keep the air in and it's done! To pack up, simply reverse the steps.

When it comes to the pillows, undo the valve, and they too will self-inflate!

AUSSIE TRAVELLER TOP TIPS

Upon first use, allow up to 24hrs for the foam to fully inflate after being vacuum sealed. After the first use, the mattress will take just a few minutes to fully inflate.

When packing up the mattress, you may not get all the air out when first rolling it up. Quickly unroll it, and re-roll to get the last of the air out to make packing back into the storage bag a breeze.

Have a swag? This 4WD mattress could just be the best swag mattress you've ever tried. However, be mindful that with a bigger mattress comes a bigger packed swag size also.

FEATURES

- Self-inflating - No pump required
- 2 self-inflating pillows included with double & queen mattresses
- 120mm thick high-density foam
- Soft touch velour material top
- Heavy-duty PVC base
- Storage bag & repair kit included

For full specifications and pricing see our website. For trade & wholesale pricing please speak to one of our sales reps.

CAMPING WAGON

Carrying gear from campsite to beach to park and back again has never been so easy.

The Aussie Traveller Camping Wagon is essential for having the full potential of the holiday realised. No longer will you have to leave things behind- with 140L volume and 100kg weight capacity, you can fit everything you need for the best day out in one trip.

The smooth bearing wheels make manoeuvring around a breeze.

The Camping Wagon is designed to pack away after use with its collapsible design. The MDF pad is removable and used to wrap around the wagon to hold everything in a tidy manner.

FEATURES

- Collapsible design
- Detachable bearing wheels
- 100kg weight capacity
- Telescopic handle
- Powder-coated steel frame
- Detachable MDF pad
- Great for beach activities, picnics, gardening and BBQs

CAR DOOR FOLDING STEPS

Small and compact, this car door step is suitable for front or rear doors on most makes of cars.

The Car Door Folding Step with its non-slip design provides an instant and stable step making loading or strapping in equipment, surfboards, and luggage to car roof racks easy.

The step also features a sharp point at the end, which can be used to break car windows in an emergency.

The Car Door Folding Step is made of extra strong, high-quality, cast alloy with an independently tested static maximum carrying capacity of 200kg.

The Aussie Traveller Car Door Folding Steps are sold as a pair, making it easy to have a second person helping to tie down equipment to your roof.

FEATURES

- Sold as a pair
- Made of extra strong, high-quality, cast alloy
- Large pedals with non-slip design
- Features safety hammer, sharp end for emergencies
- Hook folding design for easy storage and portability
- Suitable for most vehicle types
- Maximum carrying capacity of 200kg for each step

PART NUMBER: 05000000004000

DIMENSIONS (L x W x H): 150 x 75 x 85mm

WEIGHT: 1kg

HOW TO USE

1. Align step hook with the u-shaped door latch.

2. Move hook up to hang on the door latch.

3. Lower step until rubber touches car door frame.

CAST IRON COOKWARE RANGE

The Aussie Traveller Cast Iron Cookware range is essential for cooking up a storm on the campfire.

Cast Iron is a delight to cook with due to its superior heat retention (better than steel or aluminium) and durability. Your pan will get hot - and stay hot, perfect for getting the best sear on meats.

Properly seasoned cast iron is also completely non-stick, this makes frying up morning eggs and bacon a breeze. For your benefit all Aussie Traveller cast iron cookware comes pre-seasoned.

After prolonged use, re-seasoning the cast iron will help ensure the cooking surface stays in good health and continues to offer a non-stick coating. To get the most out of your investment, be sure to clean the cast iron after each use with some hot soapy water and a scrubbing sponge, then dry thoroughly. Always follow the care instructions provided.

CAST IRON COOKWARE WOODEN CRATE SET

XTEND OUTDOORS FIRE PITS

The Xtend range of firepits will keep you toasty on frosty nights and give you the chance to whip up a BBQ feast for all.

Easy to set up and pack away for storage thanks to the flat pack design of both fire pits, they are portable and great for taking on the road and while camping.

The Xtend Outdoors Stainless Steel Fire Pit is the ultimate fire pit packed with features. Whether you're cooking your favourite steak on the BBQ grill provided, or simply relaxing around the fire in the backyard or campsite, this Stainless Steel Fire Pit is for you.

The Xtend Outdoors Steel Fire Pit sets up in seconds and keeps your fire contained. It is ideal for any campsite, specifically those that don't allow fires directly on the ground.
