SUNBURST CLASSIC

Manufactured and assembled in Australia the Sunburst Classic is the ideal awning to get you started.

The Classic range features the same roller tube, ratchet and ratchet lever as our premium Eclipse awning range but has a narrower frameset and is available in any lengths from 7' to 20' in black powder coated finish which is sure to suit any caravan or rv design.

The frameset also features the positive top rafter slide lock that prevents rattling when open and includes a bump stop between the rafter and outer leg to prevent rattling while travelling.

The Sunburst Classic Range is then finished off with a choice of two different vinyl options as well as a variety in colours to choose from.

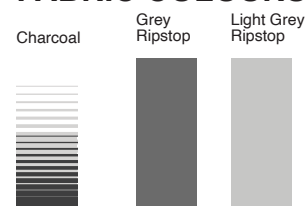

- **Signature Vinyl** — Aussie Traveller's unique, premium quality and durable four layered vinyl offers total block out protection with a UV rating of 50+. Available in striped 2 tone charcoal colourway.
- **Ripstop Vinyl** — is a heavy duty, non-laminated fabric, which means there is no possibility of flaking or tearing. Available in solid light or dark grey.

FEATURES

- Unique trigger handle for added safety
- Two-stage safety lift handle
- Metal handle lock to keep secure when traveling
- Extra strength & durability
- Black frameset
- Sizes ranging from 7' – 20'
- Standard projection of 2400mm
- Choose from two vinyl options in various colours

SUNBURST ECLIPSE

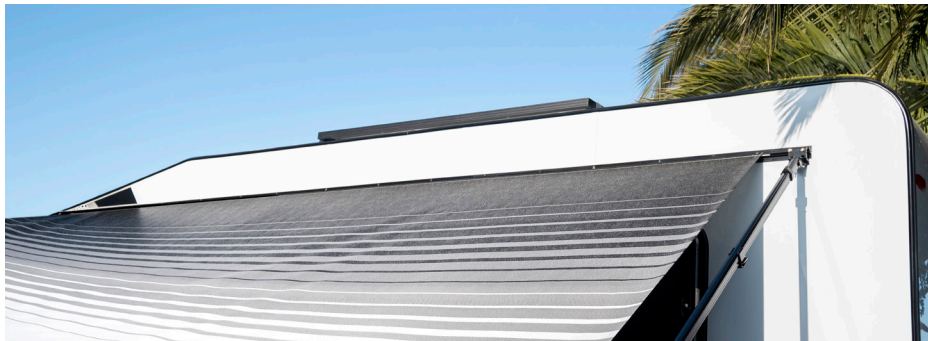

The Sunburst Eclipse awning is our premium rollout awning, made in Australia to the highest quality for our Aussie Travellers.

The Sunburst Eclipse Awning is manufactured and assembled in Australia, suited to most Caravan and RV types. This roll-out awning is the most popular style of awning, built for durability and convenience.

Our Eclipse framesets are available in black or white powder coat finish in different sizes to suit most caravans and RV's on the market.

The Sunburst Eclipse Range is then finished off with a choice of two different vinyl options as well as a variety in colours to choose from.

- **Signature Vinyl** — Aussie Traveller's unique, premium quality and durable four layered vinyl offers total block out protection with a UV rating of 50+. Available in striped 2 tone colourways in Charcoal, Blue & Burgundy.
- **Ripstop Vinyl** — is a heavy duty, non-laminated fabric, which means there is no possibility of flaking or tearing. Available in solid light or dark grey

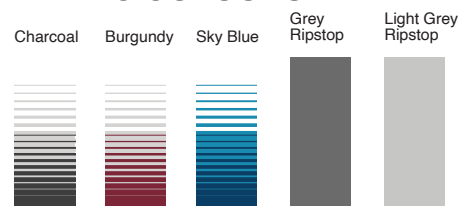

PLEASE NOTE:

- This item is made to order, estimated completion is 3-4 weeks from order date.
- For full specifications and pricing see our website. For trade & wholesale pricing please speak to one of our sales reps.

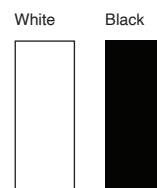

FEATURES

- Four-layer vinyl with 50+ UV rating
- Signature four-layer vinyl in Charcoal, Sky Blue & Burgundy
- Grey & light-grey ripstop vinyl
- Unique trigger handle for added safety
- Extra-large Zinc plated roller springs
- Two-stage lift handle
- Heavy-duty ratchet mechanism
- Range of frameset and vinyl colours to match your vehicle
- Sizes ranging from 6' – 25'
- Standard projection of 2400mm
- Custom sizes also available

REPLACEMENT VINYL

If you're tired of your old or damaged awning and in need of a refresh - we've got you covered.

We make replacement vinyls for all makes of awnings. With multiple colour options available, you'll get the perfect fit for your vehicle. Custom built locally in our Brisbane Factory to suit your caravan or RV with professional fitment also available Australia-wide.

Our unique **4-layer vinyl** is made using our heavy-duty four-layer vinyl, which is UV tested and rated 50+. This vinyl provides 100% block out sun protection.

The **ripstop vinyl** is a heavy duty and quality grade, non-laminated fabric, which means there is no possibility of the top layer flaking off.

4-LAYER BLOCKOUT VINYL

- Suitable for all brands of roll-out awnings
- Custom made to suit your awning
- Four-layer vinyl creates a total blackout
- 50+ UV protection rating
- Available in Charcoal (White Ends), Reverse Charcoal (Black Ends), Sky Blue and Burgandy

RIPSTOP VINYL

- Suitable for all brands of roll-out awnings
- Custom made to suit your awning
- RipStop vinyl ensures no flaking or tearing
- RipStop vinyl available in Light Grey or Grey
- 3 year warranty

PLEASE NOTE:

- *When ordering replacement vinyl, please indicate Brand and Model of awning.*

For full specifications and pricing see our website. For trade & wholesale pricing please speak to one of our sales reps.

TOURER AWNING

The Tourer Awning is the perfect stylish addition to any RV, Caravan or Motorhome.

The Tourer Awning is a pre-tensioned, lightweight manual roll out awning that is suitable to all caravans and motorhomes. The Tourer comes in various sizes with a stylish charcoal fade fabric and the choice of either a black or white powder-coated frameset to match your vehicle.

The 3-layer charcoal fade awning fabric consists of vinyl PVC, mesh plus the added addition of protection with a UV coated layer to top it off. This awning delivers the perfect balance of shade allowing you the freedom to enjoy the outdoors without damage from the harsh sun.

The fully retractable awning will make the perfect addition to fulfil all your camping, caravanning, and touring needs.

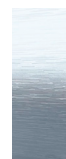

FEATURES

- Lightweight & pre-tensioned
- Quick & easy setup
- Easy glide system
- Black or white frameset
- 3-layer charcoal fade vinyl & mesh with UV coated fabric
- Welded spline channel
- 8' – 18' lengths available
- Trigger handle, stop bolts and top & bottom mounts included
- Complete with peg set & pull rod
- Full Van frame-set height: 1740mm from closed position

COOLABAH AWNINGS

Manufactured and assembled in Australia, the Coolabah Awning is one of the strongest and quietest awnings on the market.

The Coolabah awning is a waterproof, heavy-duty awning suited to all Caravan and RV types. This awning is quick and easy to set up, with the option to add in walls using the zip-on wall system.

This awning is built for the tropics with the unique built-in cross wire bracing system providing stability against the wind. The waterproof roof is available in Australian-made Grey or Tan, and also European lightweight silver-grey colours with 3 choices of cassette colour.

The Coolabah is ideal for pop-top caravans since the container fixes to the main shoulder of the caravan, not the roof.

To create an annexe space, simply add walls using the zip-on wall system (available in a range of colours, contact our team for a custom order for your Coolabah Walls). The zip-on wall system can be set up in minutes.

FEATURES

- Quick & easy setup
- Waterproof roof fabric
- Zip-on wall system
- Built strong but also quiet
- Available in custom sizing
- Replacement roofs available

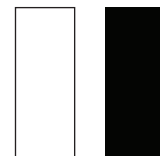

FABRIC COLOURS

Grey Tan Silver-Grey

CASSETTE COLOURS

White Black

PLEASE NOTE:

- As this product is made to order, dispatch time will be slightly longer than usual. You will be contacted with an estimated arrival after placing your order.
- The Coolabah awning is self bracing and does not rely on ropes or poles to stay tight.
- Additional limited custom sizes and projection on request.

SLIDE-OUT AWNINGS

Protect your Slide-Out Caravan from debris and insulate against the harsh sun.

Our retractable slide-out awning protects your caravan slide-out from fallen twigs, leaves, droppings, inclement weather and insulates against the sun, reducing heat.

Choose from one of our standard lengths or have one custom made to suit your requirements, available in black or white matching cassette and fabric.

Available as roof mounted or wall mounted, the awning cassette is made 65mm wider than the slide-out width provided and protrudes 68mm out from the wall.

FEATURES

- Automatically retracts with the slide-out
- Automatically tensions when extended
- White & black cassette available with standard fabric colour
- 60cm, 80cm and 1m projections available
- Roof or wall mounting options
- Available in standard lengths or can be manufactured to exact specifications

PLEASE NOTE:

- 100mm clear space above window required.
- Packers may be required for roof mounted installations when vehicles have sloping roofs.

WINDOW AWNINGS

Added shade and protection from the harsh Australian Sun.

Our Retractable Window Awnings provide additional shade and insulation against the sun. Suitable for various types of caravans and motorhomes. Available in our standard lengths or can be custom made to suit your vehicle.

The Retractable Window Awning automatically locks when extended. Retracts with simple hand motion allowing the awning to return back to a safe travel position.

Featuring projection options of either 40cm or 70cm which shade windows up to 100cm high. The awning cassette protrudes 6.8cm from van and are made 6cm wider than the window measurements. Available in black or white powdercoated finish with matching fabric.

PLEASE NOTE:

- Awning does not completely cover the window and is not suitable for use as a privacy shield.
- The 40cm projection will shade windows up to 75cm high while the 70cm projection will shade windows up to 1m high – awnings with this projection have a longer, stainless steel D-slide.
- 10cm clear space above window required.

ATRV CASSETTE AWNING

The ATRV Cassette awning is the perfect entry-level awning for beginner travellers starting on their caravan journeys.

The awning vinyl is a stylish 3-layer UV tested charcoal grey fade fabric, finished in either black or white, the ATRV Cassette is a high-quality cassette awning designed for those new to caravanning and camping.

Strong spring arms and support legs ensure your awning will stay put when the wind starts to pick up.

The ATRV Cassette is wall mounted, it suits many types of RV's and comes in a full range of sizes. Simple to install and operate, this awning includes wall fittings for the support legs, mounting brackets and a set of lock down pegs for when the legs are fully extended.

Available in both Manual or Electric operation. The manual operated models feature a long crank handle and spigot type winder end for easy opening and closing. The 12V DC electric models all come complete with a control switch and wiring harness for quick and easy installation. You can operate your awning with just the touch of a button.

The ATRV Cassette awning is supported by a full range of spare parts.

FEATURES

- Easy to set up and use
- Black or white cassette finish
- Stylish charcoal fade 3-layer fabric
- Wall mount
- Strong spring arms & support legs

TOURERPLUS CASSETTE AWNING

The TourerPlus is the newest cassette awning by Aussie Traveller, designed to the high-quality standard you expect.

The Aussie Traveller TourerPlus cassette awning offers all the requirements of a manually operated awning that will suit almost all styles of Motorhomes, CamperVans, Caravans and Hybrids.

Lightweight and easy to install, the TourerPlus has a sturdy and stylish cassette body that is secured to the wall or roof of most RV's using a smart design mounting system. An easy-to-use crank handle opening system, strong wall bracket fixture and drop down legs (with securing pegs) to secure the awning in place when fully opened, finished with a stylish black charcoal fade coloured vinyl.

Includes 3 layers of vinyl PVC, mesh plus the added addition of protection with a UV coated layer to top it off. This awning delivers the perfect balance of shade allowing you the freedom to enjoy the outdoors without damage from the harsh sun.

FEATURES

- White body & fascia with black charcoal fade fabric
- UPF 50+ rated 3-layer vinyl with mesh layer
- Lightweight & easy to install
- Manual hand crank
- Roof and wall mount options

BRISBANE SHOWROOM: 11-15 Oasis Court, Clontarf QLD 4019 | MELBOURNE SHOWROOM: 235 Barry Road, Campbellfield VIC 3061

The Thule 8000 awning is the largest motorised wall awning on the market.

All models feature a 2.75m projection and are available in manual or with a 230V motor. Like other awnings in the range the 8000 is equipped with an ultra-rapid gear incorporating a brake system that prevents the awning from opening unnecessarily.

FEATURES

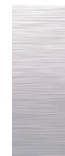

- Easy to use and set up
- Inbuilt drainage system
- Resistant to wind
- Includes caravan mounting brackets
- Integrated tension rafter
- Manual or remote control operation
- Motor safety system to prevent burnout during operation

SPECIFICATIONS

Projections: 2.75m
Lengths: 4.0 – 6.0m
Operation: Manual & 220V

AUSSIE TRAVELLER

THULE 9200

The Thule 9200 awning is perfect for larger caravans and motorhomes.

Mounting to the roof of your vehicle, the Thule 9200 is the ultimate in awnings due to its combination of extra length and projection. Featuring a massive 3m projection, the 9200 offers the largest undercover area of any awning.

The 9200 is equipped with an ultra-rapid gear incorporating a brake system that prevents the awning from opening unnecessarily.

FEATURES

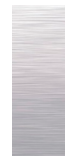

- Biggest awning on the market—6.0x3.0m
- Adjustable roof pitch system
- Designed to be more aerodynamic
- Sturdy spring-arm for perfect tension
- Space for Thule LED lighting
- Manual or remote control operation
- Designed for large vehicles
- Equipped with anti-rattling device

SPECIFICATIONS

Projections: 3.0m
Lengths: 4.0 – 6.0m
Operation: Manual & 220V
