## EUROVISION WINDOWS

### Our EuroVision Window range offers ultimate privacy, security and ventilation for all types of Caravan and RV's.

The high quality, European style EuroVision Windows are designed to be perfect for all conditions on the road. Featuring a strong frame and UV resistant, European produced double-glazed acrylic, these windows will look beautiful in any RV, motor home or caravan.

Let the breeze into your vehicle with the EuroVision windows' three stage opening position on all windows — giving you a 24% increase in opening size/ventilation access compared to leading competitors (based on a 450x500mm window). The windows are also equipped with a semi-lock position for ventilation in windy conditions.

The built-in internal blind system features the options of either a full blackout blind (with reflective backing), flyscreen or have both with a partial blackout and ventilation through the flyscreen and positioned as required.

Designed with a screw-less internal clamp ring that provides a simple and secure fixing method - the standard ring offering fitment to wall thickness between 24–34mm, with larger rings available to facilitate installation into walls up to 54mm in thickness.

### FEATURES

- UV resistant
- Strong aluminium frame
- ECE approved European produced double-glazed acrylic
- Built-in internal blackout and midge-proof flyscreen blind
- Push button locking handles
- Three stage ventilation opening
- Screwless clamp design
- Suitable for standard wall thicknesses of 24–34mm
- Medium & Large clamp rings available to suit wall thicknesses 34–54mm
- Available in black or white frames
- EuroVision Curtain Track is also available as an extra addition

## EUROVISION 2 WINDOW & BLIND

**Our EuroVision 2 Windows range offers ultimate privacy, security and ventilation for all types of Caravan and RV's.**

Built using the same premium high-quality materials as our popular standard EuroVision Window range, the upgraded EuroVision 2 is sure to be a favourite among the caravanning and RV industry. The updated sleek and modern design features a flat outer profile and a darker tint compared to the original EuroVision windows.

The Eurovision 2 features ECE approved, dark tint double glazed acrylic window, flat outer panel and curved profile inner panel, black powder coat aluminium (R68) frame secured with a pre-drilled clamp ring and 3 position button lock handles.

Complete with a block out fabric roller blind and midge proof inner flyscreen, featuring a powder coated aluminium inner frame that is easy to install and complements the interior of the vehicle design.

Available in a wide range of popular sizes, to suit caravan walls 24–54mm with medium and large clamp rings available (standard size 24–30mm).

### FEATURES

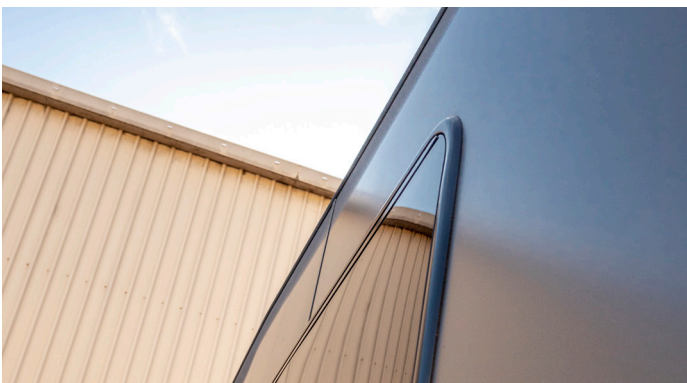

- Easy to fit clamp ring installation
- Heat reflective block out fabric roller blind
- Midge proof inner flyscreen
- Secure 3-position, button locking handles
- EuroVision Curtain Track is also available as an extra addition

### Acrylic

- ECE approved
- Double glazed dark tint
- UV resistant acrylic

### Window Frame - Internal & External

- Stylish flat outer panel
- Curved inner panel profile
- Powder coated black aluminium (R68)

## EUROVISION 2 SLIMLINE BLIND

**The Aussie Traveller EuroVision 2 Slimline blind is perfect for those who want a sleek look inside their caravan.**

The EuroVision 2 Slimline Blind is the same high quality window as the standard Eurovision 2 windows, but with a thinner interior frame profile. Our EuroVision 2 Windows range offers ultimate privacy, security and ventilation for all types of Caravan and RV's.

Built using the same premium high-quality materials as our popular standard EuroVision Window range, the upgraded Slim Blind EuroVision 2 is the new popular design among the Caravanning and RV industry.

This updated EuroVision 2 model has no curtain tracks making the blind even slimmer, giving it a sleek and modern design. It also features the EuroVision 2 flat outer profile and a darker tint.

This high quality, European style window is designed with pre-punched clamp ring providing a simple and secure fixing method. Finished off with UV resistant double-glazed acrylic, internal blind and insect screen, the EuroVision 2 windows are perfect for all conditions on the road.

### FEATURES

- Easy to fit clamp ring installation
- Heat reflective block out fabric roller blind
- Midge proof inner flyscreen
- Secure 3-position button lock handles

### Acrylic

- ECE approved
- Double glazed dark tint
- UV resistant acrylic

### Window Frame - Internal & External

- Stylish flat outer panel
- Curved inner panel profile
- Powder coated black aluminium (R68)
- Built-in internal slim blind

## EUROVISION INNER FRAMES

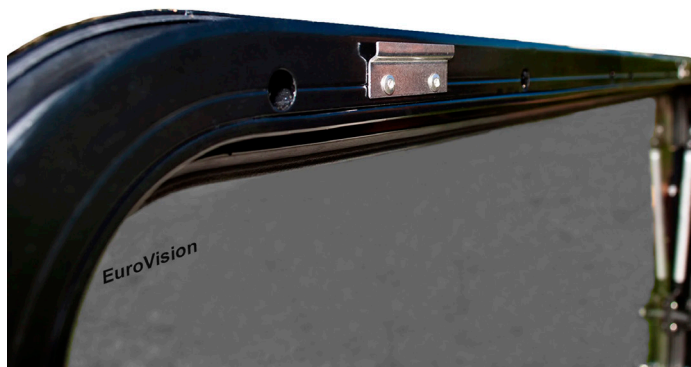

**Aussie Traveller's EuroVision Inner Frames are built strong and to fit thicker caravan and RV walls.**

Standard inner frames suit wall thicknesses of 24–34mm. The Aussie Traveller EuroVision and EuroVision 2 Medium and Large inner frames replace the standard inner frame to suit for wall thickness 34–44mm or 45–54mm.

Our inner frames are made of strong powder-coated black aluminium and suit both the original EuroVision Window and the sleek, darker EuroVision 2.

### FEATURES

- Powder-coated black aluminium (R68)
- Suits both EuroVision & EuroVision 2 windows
- 3 thickness sizes: 24–34mm, 34–44mm or 45–54mm
- Pre-drilled clamp ring

## WIND-OUT WINDOWS

**The Aussie Traveller Wind-Out Windows are high-quality, tinted acrylic windows to shade your caravan interiors.**

The Aussie Traveller Single Wind-Out Window comes in flat or curved tinted acrylic with your choice of either a white or black aluminium frame. The frame comes complete with a mounting profile for the Aussie Traveller Protector Shade and includes a buffer strip in the same colour as the frame which hides the installation screws.

For fitment of a Protector Shade, speak with Aussie Traveller for the correct size required.

### FEATURES

- Aluminium frame
- Available in a white or black finish
- Tinted acrylic panel available in flat or curved
- Fixed midge-proof flyscreen
- Single winder box & handles supplied
- Side & bottom locks on all models
- Square corners at the top and curved corners at the bottom
- Suitable for wall panels of 24–50mm thickness
