DROP-DOWN STEPS

Stylish design, safe, functional, solid construction using quality light-weight materials.

The Aussie Traveller Drop-Down Steps range is designed for functionality, safety and style. Light-weight but strong construction using powder coated steel brackets and aluminium, anti-slip treads with stainless steel springs and fixtures.

The Aussie Traveller Drop-Down Step also features round moulded corners holds up to 200kg, easy to install, and fold away neatly and compactly. The manual single and double steps are also available in a stylish black colourway.

Whether you desire a manual or powered option where the stairs close and open with just the touch of a button, the Aussie Traveller Drop-Down Steps are sure to make your next trip away easier.

Thule's range of motorhome, RV and caravan steps are strong yet lightweight, giving you easy, safe access.

Whether you choose single, slide-out or double steps, Thule's range of steps are made from strong yet lightweight corrugated anodised aluminium that is extremely robust. For extra safety, they also have rounded corners and antislip strips, and a switch is included that can connect to a warning lamp inside your vehicle so you will never drive away with the step still out.

Choose easy-to-use manual steps or, for even greater convenience, motorised steps that are operated by a simple switch that conforms to EMV and CE standards. Thule motorhome electric steps can also be equipped with LED lights for greater visibility at all times.

SINGLE DROP DOWN STEPS

FEATURES:

- Stays retracted while travelling
- Quick & easy installation
- Anti-slip strips
- Rounded corners
- Strong yet lightweight corrugated anodised aluminium
- 156mm from the chassis to the bottom of the step when the step is folded up
- 219mm from the chassis to the bottom of the step when the step is fully extended

THULE LADDERS

Thule motorhome and van ladders give easy access to the roof and its cargo while still being stylish and coming in a wide range of sizes.

The Thule ladders you can reach the roof of your van, motorhome or caravan with ease.

With Thule rear-mounted motorhome ladders, you get a choice that fits your motorhome and your style. Always great-looking, you choose the number of steps you need. You can also pick foldable options that reach all the way to the ground and make climbing even easier.

Choose a 4-step campervan ladder that fixes on the rear of your vehicle. Or how about a clever, moveable and flexible ladder that can be used with a magnetic fixation kit for extra stability? This compact, telescopic ladder can be extended to the height you need while safely supporting you and the load you're carrying.

Whichever Thule van ladder you choose, you'll be sure of an attractive, modern design that only uses high-quality materials. Our campervan ladders are made from lightweight anodised aluminium and come with rustproof fastening components to ensure a long lifetime of use.
