

## Installation Notice – Chinese Toilets

**Issue** – New entrant RV toilets manufactured in China installing SOG units that suit Dometic, Thetford and Jabsco toilet models.

Aussie Traveller, Australian and New Zealand distributor of the SOG RV Toilet Ventilation systems have been made aware of Chinese imported toilets with ‘similar’ design elements to the Dometic and Thetford range of RV and Caravan toilets being fitted with SOG or SOGII 12V ventilation systems.

Although the Chinese branded and produced toilet systems appear similar to Dometic, Thetford and Jabsco, there are noticeable design differences and this can affect the performance of the SOG or SOGII fitted.

Therefore, fitting a SOG or SOGII unit to a non-approved toilet system could void the warranty of the toilet system, but most importantly with void all warranty and guarantees in relation to the SOG and SOGII unit fitted.

SOG and SOGII suit the following toilet systems:

Thetford	C200	SOG + SOGII – Type B
Thetford	C250 / C260	SOG + SOGII – Type F
Thetford	C400	SOG + SOGII – Type D
Thetford	C2 / C3 / C4	SOG + SOGII – Type A
Thetford	C500	SOG + SOGII – Type G
