

Handheld Laser Receiver

LS-80X

Control in the palm of your hand

The LS-80 provides exactly the information needed at the leveling pole, including alerts for situations involving heights, out-of-range locations, and low batteries. And it's jobsite-ready rugged, water and dust resistant, and usable with most conventional rotating lasers.

FEATURES

- Two-way communication
- Height alert and laser battery status
- 5 levels of LCD display precision
- Extended battery life – averaging 120 hours
