STEPS

1. Make a template by drawing around your hot water bottle on to paper. Add 2.5 cm all around and cut out the shape.
To make the second template add 7cm to the length of the first template and cut in half.
2. Cut out fabric.
3. Sew a double folded seam on the back 2 pieces.
4. Pin the 3 pieces together inside out in this order, front piece, top flap, and bottom flap.
5. Sew around the hot water bottle cover.
6. Trim any bulkiness.
7. Turn right side out.
8. Sew velcro onto the opening of the hot water bottle.
