Rocket Blast Off

Easy

DIFFICULTY

Easy - Approx. 30 hour

MATERIALS

- Paper cups x 2
- Makr rubber bands
- Sullivans foam sheet A3 glitter red
- Sullivans foam sheet A3 glitter blue
- Red card stock
- Festv foam glitter stickers stars

EQUIPMENTS

- Template
- Scissors
- Glue gun / glue stick
- Craft knife

STEPS

1. Use template to cut all materials out.
2. Take one paper cup and make 4 evenly spaced cuts around the rim of the cup. Cut the rubber bands in half. Thread one rubber band through two of the cuts that are opposite of each other and tie the ends. Then thread the other rubber band through the two remaining cuts and tie them off. They should make a cross in the centre.
3. Fold the fins in half and glue them evenly around the rim of the cup. Fold the nose and glue the ends together. Glue the nose to the top of the rocket. Decorate the rocket with the stars and the window.
4. Place your rocket cup over the top of the launcher cup. Pull the rocket down and let go.
