Work the same as Side 1.

TO FINISH:

Seam the sides up until the colour change.

Tie the threads at the top to connect the handles together.

Neaten off loose threads by darning them into the seams.

MAKE TASSEL:

Make a skein of approx 60cm lengths of thread (until have about 5cm width of tassel)

Fold the threads in half and wrap a strand around the middle point to secure the tassel with a coil (this is now double the thickness)

Feed a thread through the centre of the coil and pull gently to tighten.

Cut to trim the tassels.

Attach the tassel to the centre bottom of the hanger by sewing it in.
