DeerBrook

QUIVER™

User Manual

Congratulations on purchasing your DeerBrook Quiver Tablet! To get the most out of your purchase, please take the time to carefully read through this manual. **Due to Firmware changes, some of the pictures and functions described in this manual may not be the same as are included with your device.**

Foreword

If any problems occur during while using your device please feel free to contact DeerBrook Electronics, LLC by visiting www.deerbrookelectronics.com.

DeerBrook Electronics, LLC bears no responsibility for any damage or loss of personal data due to misuse of software and/or hardware, damage to the device caused by human factors, replacement of battery, or other unforeseen circumstances. To prevent loss of your data, please backup your data regularly.

Information in the manual is subject to change without notice and is subject to copyright protection. Copying or otherwise reproducing this material without prior written consent is prohibited.

1. Before using the Device

Before using the device, please read this chapter. For further details, please refer to the safety instructions and announcement.

1.2. Precautions

- Please always keep the device dry. To avoid damaging the device, please keep the device, battery and charger from water and moisture, and don't operate the device or charger when your hands are wet.
- Do not drop or strike the device against a hard surface.
- Never disassemble the device or its accessories as this will immediately void any and all warranties you have for the device.
- Never use the device when operating a vehicle.
- In hospitals and areas vulnerable to EMI such as an airplane, please follow the area's posted rules and regulations regarding electronic devices.
- To avoid electrical damage, please power off the device before entering an area with unshielded high voltage.
- Subjecting the device to an area with a powerful magnetic field may erase all data on the device.
- This device can connect to the internet, and has access to chartrooms, messenger programs, etc. Please always supervise children using the device.

● Please comply with your areas rules and regulations regarding the use of electronic devices, and respect others' privacy and legal rights while using the device.

2. Introduction

2.1 Charging the Battery

When you first receive the device, please fully charge the battery before use. It takes approximately 4 hours to completely charge a drained battery. When charging, please only use the supplies A/C wall adapter.

2.2 Status and Reminders

Reminder icons:

When an icon appears in your reminder window (lower right hand corner of your screen) you can tap the icon to open your reminder. Below are several of the most common reminder icons.

	New email		airplane mode
	USB is connected		USB adjustment is connected
	Return icon		downloading
	recent application icon		Home icon
	Battery volume mark		WIFI signal icon

	No SD card		Alarm on
	Google search		Application icon
	General Notice		Mute

2.3 Button and touchpad functions

Functions:

Power (power)	Press and hold this button for a few seconds to turn the device on and off. Tap this button briefly to put the device in standby or wake the device up.
Vol + (up)	Press to increase volume.
Vol- (down)	Press to decrease volume.
Menu icon (menu)	Tap it to open the current mode's menu.
HOME icon (home)	Tap this icon to return to your home screen. Please note that this does NOT close any applications you have open, but just suspends them.
Back icon (back)	Tap this on any screen to return to the previous screen.

2.4 power up and Shut down

Power up

Press and hold the Power button for three seconds to power on.
Shut down

Press and hold the Power button for three seconds, it will pop up a

shut down window. Tap "OK" to confirm the power off, or tap

Cancel to continue using the device.

Standby mode

Tapping the power button will place the device in standby mode, tapping it again will wake the device back up.

Please note that if the device sits idle the device will enter standby mode automatically to conserve battery life.

3. Main interface UI

Note- To scroll the screen left, place your finger on the left side of the screen and slide it to the right. To scroll right, place your finger on the right side of the screen and slide it to the left. To scroll up, place your finger at the top of the screen and slide it down. To scroll down, place your finger at the bottom and slide it up

The main portion of your UI is referred to the Desktop.

The second most used portion of your UI is the apps menu accessed by tapping the apps icon on the main menu.

3.1 Icon and application management

2. Tapping a file will pop up a list of applications you can use to open
   the file. Press and hold the item to copy, move, or delete
   the file.

12. Installing Applications

You can download and search for apps through the Play Store. This
is the normal, recommended method of downloading and installing
apps to your device. If you have a specific .APK file you wish to
install, please read below.

Save the APK file to your device. We recommend saving .APK files
to the Downloads folder for ease in finding them.

1. Tap "file manager" and choose the application you wish to install.

2. Tap "install APK."

3. Follow the installation instructions listed on the screen.

12.2 Uninstall an app

Tap the settings icon.

1. Tap "Application."

2. Select the application you want to uninstall, tap uninstall.

3.Tap OK to finish uninstalling the app.

13. Troubleshooting

1. It takes a long time to power up when I power on for the first time.

The first time you power the device on, or after updating the device, it may take as long as three minutes to power on as it sorts and configures new files. Subsequent power sequences will take much less.

2. Sometimes, the device feels warm to the touch.

When charging, or after a long period of use, it is common for the device to feel slightly warm. This is normal as the battery charges or discharges and is not a cause for concern.

3. My device will not connect to WiFi.

● Ensure that you are in an area with a strong WIFI signal.

● Please make sure the password you are using is correct.

● Attempt to use a different network to ensure compatibility with your specific router.

5. Sometimes, the device runs slowly.

● The more apps you have open and running, the slower the device will run. You can enter your application setting to disable or "kill"

applications to free up processor and memory resources. In addition,

there are many "Task Killer" applications which can do

This which are available for free in the Play Store.

Additional FAQ's and troubleshooting information is available at www.deerbrookelectronics.com

Limited Manufacturer's Warranty

1.   This product carries a 90 day warranty from the date of

purchase. This warranty is nontransferable.

2.   DeerBrook warrants to the original registered end-user

purchaser that this product will be free from defects in materials

and workmanship for 90 days from the date of new purchase.

During the warranty period and upon proof of purchase the product

will be repaired or replaced (with the same or a similar model,

which may be a refurbished model) at our option, without charge

for either parts or labor. This warranty shall not apply if the product

is modified, tampered with, misused, physically damaged, or

subjected to abnormal working conditions (including, but not limited

to, electrical, fire, and water damage).

THIS WARRANTY DOES NOT GUARANTEE YOU UNINTERRUPTED SERVICE. REPAIR OR REPLACEMENT AS PROVIDED UNDER THIS LIMITED WARRANTY IS THE EXCLUSIVE REMEDY OF THE PURCHASER.

Consequential Damages and Limitations:

1. DeerBrook Electronics, LLC shall not be liable for any failure to perform or delay in performing any of its obligations when such failure or delay is due to circumstances beyond its reasonable control, including, without limitation, any act of God, war, strike, riot, fire, flood, earthquake, lock-out, late or non-delivery by suppliers, shortage or unavailability of materials, components or transportation facilities, or any act, refusal to act, regulation, order or intervention of any governmental authority.

2. Under no circumstances shall DeerBrook Electronics, LLC be liable for any special, indirect, incidental or consequential damages of any kind or nature whatsoever, including, without limitation; lost goodwill, lost resale profits, loss of data or software, work stoppage or impairment of other goods, and whether arising out of breach of any express or implied warranty, breach of contract, tort (including negligence), strict product liability or otherwise, even if advised of the possibility of such damage or if such damage could have been reasonably foreseen.

FCC COMPLIANCE STATEMENT:

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help
