WARM TIPS

5

1. Please use a cup to fill water. Do not fill over the max. line
2. Use only pure essential oils soluble in water for use in Diffuser. Please clean the unit as per the maintenance instructions before changing to a new type of essential oil.
3. Different humidity environment and temperature will affect the mist density.
4. Do not place device near wall or furniture as direct mist may cause damage.
5. Empty after each use to let the tank dry. Store with a dry tank.
6. If the water is low, the device will automatically shut off.
7. Adult supervision is recommended when using this device.

Aroma Diffuser

CARE AND CLEANING

6

- After using 5-6 times or 3-5 days, be sure to clean the device:
1. Unplug the device from power source before cleaning.
 2. Pour out any remaining water completely in the tank. Do not pour out water from the air outlet side. (Fig.1)
 3. Put a small amount of diluted soap and water. Then use a clean cloth dip in the water and wipe up the unit gently. Clean all dirt residue.
 4. Never use alcohol during maintenance. Or it may cause product damage and erase various wording on the product.
