◆ HIDDEN GEMS

Sizing Guide

Impression Option

To get the best results, you will need to go to the "printing option" before printing and ensure that the "page scaling" option is set to "none". This wrist sizer must be printed on a full letter size page. Measure the below sample - should measure exactly 2cm.

0 cm   2

How To Use

1. Cut out the paper wrist sizer
2. Cut along line where strip states "cut here".
2. Make sure the numbers are on the outside of the paper wrist sizer and insert the pointed end through the opening you have cut at the other end ("cut here").
3. Place your hand through the sizer and pull the pointed end until it fits comfortably on your wrist.
4. The number that lines up with the edges of the opening is the size of the wrist. We recommend adding 1cm (0.39") for a tight fit, 2cm (0.78") for loose fit.
