**L**ike clouds floating in the air, the WALY self-supporting shelves are made of ash wood, with a leather cord coloured with burnt orange aniline dye that emphasises its rounded edges.

Like the ASSY leather stools, the WALY shelves come in two colours, natural ash or black stained ash, and are available in two configurations, allowing for multiple layout possibilities and uses:

a WALY set of 3 horizontal pieces (15 cm, 30 cm and 60 cm shelves) or a WALY set of 2 pieces with a vertical part (18 and 90 cm shelves) acting as a document holder.

On request, the orange cord can be replaced by a natural leather cord.

frêne blanchi  
bleached ashwood

frêne lasuré noir  
black stained ashwood
