Note: Please only use a 5V/1A adapter to charge the case as higher voltage adapters can destroy the battery of the case and earbuds.

Charging the Case: When charging the case, the charging indicator lights on the case will do a **blinking effect**.

Fully Charged: When the case is completely charged, the case light will **stay steady ON**.

CHARGING THE EARBUDS

Tired from defeating your rivals? Well our earbuds need a quick break too before they are back on the field with you.

Note: Please peel off the protective film on the earbuds charging points before charging the earbuds.

Earbuds Charging: When earbuds are placed inside the charging case, the lights on the earbuds **will turn ON** indicating that the earbuds are being charged.

Earbuds Completely Charged: When the earbuds are completely charged, the lights on the earbuds will go OFF.

RESETTING THE DEVICE

On the rare occasion you might need to reset the earbuds, here's a quick guide after which you can get back into the grind!

Please follow the below steps when you see 2 "Phantom 550" in your Bluetooth device menu on your mobile or you can hear music through only 1 earbud. This means the left and right earbuds have not auto paired with each other:

Step 1: Disconnect the earbuds and remove "Phantom 550" from the list of paired devices on your mobile.

Step 2: Tap the sensor on either of the earbuds for 5 times quickly to clear the pairing data, the LED on both the earbuds will turn ON and then OFF after 3 seconds.

Step 3: Put them back into the charging case, and "Phantom 550" is ready to use as it automatically turns on and pairs again.

The Reset process is now complete and you will be able to hear music through both earbuds.

SAFETY AND MAINTENANCE

Please read below suggestions in order to helping prolong the product lifespan and clearly understand the warranty clauses:

- Gamers need to hydrate after a long match. That is not the case with our earphones, so, **Keep the product dry, do not put it in humid conditions to avoid a short circuit.**

- We understand you carry the fire of a gamer within you, but please, **Do not expose it to the peak sun or high heat for extended periods of time as this will short lifespan of electronic components, damage battery and deform some plastic parts.**

- You may be Captain Cool leader of your squad but our products work best without a cold environment, so, **Do not put it in cold circumstances to avoid damage to the PCB board.**

- We know you are tech geeks and can build your own gaming PC from scratch, but, **Do not attempt to dismantle the product, as it may be unsafe especially for non-professionals.**

- Gamers are tough and our earphones are tougher, but please **Do not use chemical products, detergent, oily liquids to clean the item.**

- In game, the bullets and knives are the norm however, **Do not scratch the surface with sharp items to avoid damaging the case and appearance.**

- We understand your passion for power, but in this case, **Less is More, so, Do not charge the product for more than 5 hours to avoid loss in battery life.**

- Being immersed in the game is one thing, yet **Avoid hearing music at maximum volume for long periods as this can affect your hearing and is not advisable.**
