MODEL SHOWN: HOMESAFE S2 30P 50 ELECTRONIC LOCK

HOMESAFE S2 30P

BURGLARY & FIRE DUAL PROTECTION SAFE
RATINGS: CASH £4,000 • VALUABLES £40,000

KEY FEATURES

- Ideal for protecting cash and valuable items, as well as passports, title deeds and other important documents in the home or office
- EN 14450 certified by ECB+S to level S2 burglary protection
- EN 15659 certified by ECB+S for 30 minutes fire protection for documents
- Attractive dark grey appearance (RAL 7016)
- Meets police approved standards
- Lock options:
Key Lock: ECB+S certified EN 1300 Class A
Electronic Lock: ECB+S certified EN 1300 Class B
- The safe door is secured using the new revolutionary "V" bolt system. The design of the locking bolts helps maintain door integrity both when under physical attack and during fire
- Base & rear fixing: the safe is supplied with an anchoring kit to allow secure base or rear fixing to resist unauthorised removal

HOMESAFE S2 30P

BURGLARY & FIRE DUAL PROTECTION SAFE
RATINGS: CASH £4,000 • VALUABLES £40,000

UPDATED VERSION WITH MAJOR IMPROVEMENTS

The HomeSafe S2 30P has now been upgraded with many advantages. This is what's new:

1. REAR FIXING AS STANDARD

Suitable for installing in multiple areas of the home and office with out losing fire certification. Unlike many safes on the market today in this segment you can anchor the HomeSafe S2 30P via two rear anchor points and retain that all important EN 15659 LFS 30P fire certification.

2. UPGRADED BASE ANCHORING

Anchoring bolt heads now sit below the level of the interior base allowing for a better storage solution.

3. UPGRADED ELECTRONIC LOCK

Now using the Pulse 2 lock, the keypad housing is now a stylish and durable all metal casting. The keypad utilises a long life, rubber membrane to ensure years of trouble free use under normal conditions.

4. IMPROVED HINGES

Hinges are now a single piece casting for a more consist and cleaner design.

5. EXTENDED SHELF POSITIONS

The models M-50 and above include further shelf positioning points to give extra flexibility when storing bulky or small items. The shelves supplied as standard can be adjusted to allow more space for individual, large items or by purchasing an additional shelf, organisation of smaller items can be improved.

INCREASED STEEL BODY THICKNESS

We have made the HomeSafe S2 30P more robust, yet it still remains the lightest product by volume with recognised independent certification at EN 14450 S2 burglary, EN 15659 LFS 30P levels and combined with rear certified fixing – at least 30% lighter against current alternatives.
