Hungry Bear Farm – 0 Reed Rd. Mason, NH
Gene Jonas – gene@hungrybearfarm.com / 603-654-6626 / www.hungrybearfarm.com

The Farm: Hungry Bear Farm grows a wide variety of high quality produce without the use of synthetic chemicals and GMO seeds. We use a combination of low/no tillage, cover cropping, manuring, composting and crop rotation to ensure soil fertility and plant health. Most of the produce is grown on the 12 acres we own in Mason NH. We currently have 3 high tunnels and over 2 dozen plots we use to grow in. We try to grow the highest quality crops we can for our community.	
The CSA: Each week we off our CSA members a generous amount of vegetables, herbs, mushrooms, some fruit and the occasional value-added product. Members are encouraged to take the amount of produce they think they will use and can swap items out if so desired. We set up a market style pickup under a tent in our field in Mason NH.	
Typical Season	20 weeks / June – October

Sun Moon Farm – 121 Thomas Rd. Rindge, NH
Craig Jensen – sunmooncraig@gmail.com / 603-899-2806 / www.sunmoonfarm.org

The Farm: Sun Moon Farm is an intentionally small and diverse vegetable CSA in Rindge, NH. Peace, simplicity and integrity are values that guide the work that we do here. Our family farm is committed to community.		
The CSA: We include about 10 different items every week with a salad green, a cooking green, an allium (onion family), a root vegetable and at least one herb as the foundation of each share. Sun Moon Farm is also happy to share a bouquet of flowers most weeks of the season. We offer one sized share but the "farmer's market style" design of our pickup allows families to take a little more or leave some behind, customizing the bag to fit the needs of their family. One of your farmers is always available in the barn to talk about the share (or anything else!). Our barn hosts a small lending library and acts as a "hub" for the community--- we encourage customers to hang out and catch up with their neighbors when they come by to pickup their food. CSA members are invited to join us for weekly potluck dinners (every Thursday night) and to celebrate the season at our annual summer barn party in August.		
Typical Season	20 weeks / Mid June – October	
Pricing	\$550	
Pickup Location Day & Time	At the farm in Rindge, NH Wednesdays 3pm-7pm	

Tracie’s Community Farm – 72 Jaffrey Rd. Fitzwilliam, NH
Jack Rixey – farmers@traciesfarm.com / 443-994-4629 / www.traciesfarm.com

The Farm: Tracie's Community Farm is entering its 23 rd year as 3-season CSA styled farm. We offer high quality, locally grown, non-certified organic produce, herbs and flowers.		
The CSA: Shares are picked, washed, and packed for our members each week on their harvest day. Shares are pre-packed, and members receive an email every Sunday night including what will be in their share basket that week. We try to rotate veggies		

as much as possible so that members are not receiving the same items week after week. All veggies are seasonally appropriate, which means the early weeks will not have all the same produce as the late summer weeks.

Members can select between four share sizes to best suit the needs of your household, as well as up to seven produce add-ons. The share sizes are: Large Family Share (7-10 people, or smaller households that like to can), Family Share (5-7 people, or smaller households for canning), Small Family Share (3-4 people), and a Half Share (1-2 people). The add-ons offered are: lettuce mix, blueberries, kale, chard, flowers, specialty greens, and culinary herbs.

We also offer non-produce add-ons, which are not eligible for the discount from the farm share program, but can be added to you share at full cost. We buy these products in from our partner farm, Elephant Rock Farm, and other local producers. Those add-ons are: Eggs, Maple Syrup, Orchard Hill Bread, and Terra Nova Coffee.

Home delivery is included with all shares. We deliver to the following towns: Dublin, Fitzwilliam, Harrisville, Jaffrey, Keene, Marlborough, Nelson, Peterborough, Rindge, and Swanzey.

The early weeks of our CSA typically receive lettuce heads, bok choy, spinach, peas, garlic scapes, and other early-season greens. The middle weeks continue to receive head lettuce and peas for a time, but also include summer squash, cucumbers, carrots, beets, broccoli, cabbage, and other mid-season veggies. The late season weeks receive most of the items from the mid-season weeks, but also include tomatoes (heirloom, standard, and cherry), peppers, eggplant, winter squash, beans, and much more!

Typical Season	Mid-June – End of September
Pricing	\$380-\$1,100 (including home delivery)
Pickup Location	Farm-to-Door Delivery
Day & Time	Tuesday or Wednesday by 7:00pm depending on delivery routes that week
