HOMEHEAT SYSTEM

H300, H450, H600, H800

Living up to the bold and expressive **HOTASS SAUNAS** name, HomeHeat Sauna Heaters produce extreme sauna heat! Forged from stainless steel and magmatic rock, these mighty heaters are engineered for safety and are ideal for home sauna rooms from 85 to 425 cubic feet. Built-in whisper-quiet time and temperature controls, and best-in-class sauna heat, make HomeHeat Sauna Heaters the home bather's choice.

- Uses Innovative AirFlow Technology (AFT) to reduce room heat-up times and achieve optimal sauna room temperatures
- Guaranteed free from defects in materials and craftsmanship for its lifetime
- Whisper-quiet time and temperature dials, with bottom right, left, or front-right mounting options
- Includes 45 pounds of sauna rock to produce a moisture-rich, comfortable sauna bathing heat
- Built with Industrial-grade stainless steel heating elements for a lifetime of sauna pleasure
- Automatically pre-heat your sauna room (up to 8-hours) so it is ready when you are
- Resettable high temperature limit for sauna overheat protection
- 100 Percent recyclable stainless steel, inside and out
- Have peace of mind with temperature-timed shut-off
- UL listed for unsurpassed quality and safety
