LET'S DRINK TO THAT

LET'S DRINK TO THAT

LET'S GET TO KNOW EACHOTHER

We're Yas & Rena! Two twenty something year olds with a passion for travel, meeting new people and fun games! Back in 2020 - mid Covid, when borders reopened, we backpacked Europe and played hostel games with new friends from all around the world. Yep, after months of being locked down, we were finally out socialising again! However, we very quickly realised that there weren't any conversational card games out there that were universally relevant for our own age group that could be played without skipping out the boring cards...

Then we had it, our 'AHA' moment! To make our own card games that could be played at home (lockdowns, rainy days, friends over for drinks), and would also be compact enough to take out to a bar or to fit in our travel bags.
