

# dmSkincare Retail Products

dmSkincare is our comprehensive line of natural skincare products. Paraben-, phthalate-, sulfate- and petroleum-free, dmSkincare can help improve common skin problems for all skin types.

All of our natural skincare products feature powerful antioxidants, active ingredients and botanicals. These ingredients work together to optimize skincare results without irritation.

A "clean clinical" line

Supports common skin challenges

No minimum orders

## A "Clean Clinical" Line

At dmSkincare we are very particular about the ingredients we use in our skin care products. All of our skin care products are paraben-, phthalate-, sulfate- and petroleum-free. Our products do not contain harmful chemicals, preservatives, fragrances or dyes. Many active ingredients are obtained from botanicals and are blended to create highly effective anti-aging, anti-inflammatory and skin protective benefits. This is not typical of "clinical" product lines available on the market. We don't sacrifice safety to achieve clinical activity in our products.

## Supports Common Skin Challenges

Our goal at DermaMed Solutions is to provide you with a skin care line for all skin care conditions. We help you maintain your client's skin health and achieve a soft, glowing complexion. We make it easy to provide your clients with a targeted, daily skincare routine.

## No Minimum Orders

At dmSkincare we have no minimums orders. In addition, we run monthly specials and offer free shipping for large orders. We offer solutions for your retail market and your professional back bar needs. Why pay for products you don't need? With dmSkincare you get efficacious and pleasing products, plus additional support to the help you build your aesthetics practice like: professional peel protocols, marketing materials, and a holistic view that helps you put all the pieces together to meet all of your clients' needs.

# Cleansers

## botana-gel cleanser™ - with white tea (SC530)

### universal cleanser & anti-microbial

Mild, gel-based, foamy cleanser containing light alpha and beta hydroxy acids for gentle exfoliation. Calming botanicals and aloe balance moisture, while removing oil, makeup, and cellular debris. Anti-microbial ingredients inhibit bacteria formation. Powerful vitamins and nutrients act as antioxidants. Includes a strong combination of vitamins C and E plus white tea.

**Key Ingredients:** Cucumis Sativis (Cucumber) Fruit Extract, Vaccinium Myrtillus (Bilberry) Fruit Extract, Aloe Barbadensis Leaf Juice, Camellia Sinensis (White Tea) Leaf Extract, Acer Saccharum (Sugar Maple) Extract, Salicylic Acid, Lactic Acid

**Rx:** A great basic cleanser for most skin types, including photo-damaged, mature, dry, combination, oily, and acneic types.

## botana-cream cleanser (SC750)

### soothing & hydrating

A gentle cream cleanser formulated with botanical ingredients to cleanse the skin and remove makeup without drying or irritation. Soothing and hydrating, this creamy cleanser features calming botanicals, calendula and sativa oat, along with powerful antioxidants from cranberry and pomegranate which also contribute to the refreshing scent. Sodium PCA and Safflower Seed Oil contribute moisture and support skin cell integrity without being comedogenic, making this cleanser ideal for sensitive skin types as well as anyone who enjoys the luscious texture of a creamy cleanser.

**Key Ingredients:** Avena Sativa Oat, Kernel Flour, Avena Sativa (Oat) Meal Extract, Vaccinium Macrocarpon (Cranberry) Fruit Extract, Chamomilla Recutita (Matricaria) Flower Extract, Punica Granatum (Pomegranate) Seed Oil, Avena Sativa (Oat) Kernel Extract

**Rx:** All skin types, especially dry, sensitive skin.

## glycolic-cream cleanser (SC910)

### exfoliating & anti-aging

This exfoliating creamy cleanser helps to improve and refine skin texture and allows moisture to penetrate the skin. Beneficial for uneven, dry, and mature skin types, glycolic-cream cleanser removes dead cells and debris without irritation to reveal bright, balanced skin. Includes a combination of Vitamins A, C and E to provide valuable antioxidants and soften and smooth skin.

**Key Ingredients:** Glycolic Acid, Avena Sativa (Oat) Kernel Flour, Vaccinium Macrocarpon (Cranberry) Fruit Extract, Chamomilla Recutita (Matricaria) Flower Extract,

**Rx:** Dull, uneven, dry, mature skin

## glycolic-gel cleanser (SC920)

### deeply cleansing & refining

This exfoliating cleanser helps to reduce oil, prevent pore clogging and allows moisture to penetrate the skin. Beneficial for dry, oily and dull skin types, glycolic-gel cleanser removes dead cells and debris without irritation to reveal bright, balanced skin. Includes a combination of vitamins A, C to provide valuable antioxidants and improve overall skin health and texture.

**Key Ingredients:** Glycolic Acid, Allantoin, Tocopherol (Vitamin E)

**Rx:** Dull, uneven, oily, combination skin

#### Skin Care Condition Guide:

# Serums

## ageless CBD serum™ (SC950-R)

### plumping & protecting

This youth-preserving serum features CBD and Hemp oil, powerful antioxidants that are more potent than vitamins A, C, and E. CBD & Hemp oil also regulate the cell lifecycle and provide anti-inflammatory benefits to combat the effects of aging, breakouts and dry skin. This free radical fighter provides ultimate skin protection and supports optimal skin health. Hyaluronic acid and Red Seaweed plump skin and improve hydration, resulting in a smooth, radiant texture. Our skin has cannabinoid receptors, which allow for excellent penetration and therefore increased product efficacy. CBD (cannabidiol) offers vitamins, antioxidants and omega fatty acids with a plethora of skin benefits. CBD also fights the effects of aging by supporting cellular growth, skin repair and by regulating the cell life cycle. Hemp, a variety of the cannabis sativa plant, has been around for centuries as an industrial crop and used to make clothing and even nutritional products. Unlike its psychoactive cousins, hemp has no more than 0.3 percent of THC content, and is considered safe for use in personal care products.

**Key Ingredients:** Carrageenan (Red Seaweed) Hyaluronic Acid, Cannabis Sativa (Hemp) Seed Oil and Hemp Derived Cannabidiol (CBD) Extract

**Rx:** All skin types especially sensitive, dry & mature skin types

## antiox-C serum™ (SC830)

### anti-aging & moisturizing

Free radical protection in a silky serum taking anti-aging to the cellular level. This stable, oil soluble, lipid source of vitamin C delivers strong antioxidant and rebuilding ingredients. Once applied to the skin it hydrolyzes into ascorbic acid and provides skin lightening, promotes collagen synthesis and acts as a strong free-radical scavenger. It has excellent skin affinity, therefore, has superb cutaneous absorption. It goes on like silk and dries to a beautiful and light finish. This fat soluble form of vitamin C has a higher conversion of vitamin C within the dermis, offering long lasting vitamin delivery and penetration.

**Key Ingredients:** Tetrahexyl Decyl Ascorbate, Jojoba oil, Camellia Sinensis, Squalane, Ubiquinone

**Rx:** For anti-aging, hyperpigmentation, and dehydrated skin.

## argan boost serum™ (SC630)

### moisture barrier & healing

This serum is a light, non-greasy lipid barrier replacement in a water miscible form. It incorporates natural and organic ingredients specially chosen for ultra-sensitive skin. Argan oil, squalane and jojoba mimic the skins own oils to protect the barrier and hold natural moisture in. Argan oil has been shown to have regenerative and anti-microbial properties. Vitamin D, a signaling hormone, may promote cell immunity. Use this serum to create a lustrous, glowing appearance to the skin.

**Key Ingredients:** Squalane, Jojoba, Argan Oil, Cholecalciferol

**Rx:** Can be used by any skin but is especially useful for sensitive, dry and eczema skin types.

### Skin Care Condition Guide:

## clari-tone serum™ (SC580)

### *lightening & unblocks pores*

This serum contains pigment lightening agents to block the overproduction of pigment where it is formed in the basal layer of the skin. Diglucosyl Gallic Acid, kojic acid, arbutin and peony extract are a powerful combination of clinically tested ingredients that inhibit tyrosinase activity. Antioxidant vitamin C gives added protection from environmental damage. Exfoliation is necessary to remove old surface pigmentation.

**Key Ingredients:** Niacinamide, Diglucosyl Gallic Acid, Kojic Acid, Paeonia Albiflora (Peony) Flower Extract, Ascorbic Acid (Vitamin C), Arbutin, Glycyrrhiza Glabra (Licorice) Extract

**Rx:** Hyperpigmented skin from skin traumas, sun damage, acne scars, surgery, and other pigmentary deviations. Ideal addition to acne regimen.

P

## high potenC serum™ (SC620)

### *prevents capillary damage & illuminates skin*

The essential elements of every skincare program are to support and replace necessary constituents of collagen, elastin and provide vascular protection. high potenC serum™ treats each element, improving skin tone and appearance leaving skin illuminated. This botanical powerhouse formula features sodium ascorbyl phosphate, a significantly more stable form of vitamin C, in a polyphenol blend of apple stem cell extract, resveratrol and grape seed extract. These ingredients work synergistically to slow the aging process by making skin more flexible with fewer visible lines and nourished capillaries.

**Key Ingredients:** Sodium Ascorbyl Phosphate, Dipotassium Glycyrrhizinate (Licorice), Resveratrol, Bisabolol, Biosaccharide Gum-2, Malus Domestica Fruit Cell Culture Extract (PhytoCellTec™), Alpha Arbutin, Vitis Vinifera (Grape Seed) Extract

**Rx:** Any skin type, especially for those over 35, with photo damaged skin and visible capillaries.

P M NC

## mandelic serum (SC800)

### *brightening & clarifying*

This serum attacks blemishes at their root causes -- excess oil production, bacterial overgrowth, and clogged pores. Mandelic acid is an AHA that exfoliates but does not irritate due to its oil solubility and large molecule size which allows for slower, more gentle skin penetration. In addition, pigment lightening has been reported with regular use of mandelic acid. Willow bark and salicylic derivatives give the serum astringent and keratolytic benefits, while botanical superstar, Alpaflor® reduces sebum production. Mandelic serum offers cleaner pores and a brighter, smoother complexion, without irritation.

**Key Ingredients:** Mandelic Acid, Epilobium Fleischeri Extract, Methylpropanediol and 4-Terpineol and Salicylic Acid and Salix Alba (Willow) Bark Extract

**Rx:** Mild to severe blemishes, fine lines and wrinkles, and pigmentation. Gentle and safe for most skin types.

O A

## oxygen serum (SC770)

### *anti-aging & hydrating*

This serum is an anti-aging powerhouse which focuses on hydration, firming and lifting utilizing state-of-the-art skincare ingredients. Orchid Stem Cells improve cellular communication to restore elasticity and reduce wrinkles. Chondrus Crispus extract and D2O trap moisture in the inner layers of the dermis providing lasting hydration. Skin will look and feel smooth and moist for days with regular use of these clinically proven ingredients. Perfect for anyone looking to slow skin aging and improve skin texture for a smooth and hydrated complexion.

**Key Ingredients:** Orchid Extract, Deuterium Oxide, Chondrus Crispus Extract and Sodium Hyaluronate (MariMoist®), Perfluorodecalin

**Rx:** Hydrating serum for all skin types especially beneficial for mature skin.

M D S

#### Skin Care Condition Guide:

## skintrinity serum™ (SC930)

### restructuring & rebuilding

The ultimate multi-tasking, powerhouse, anti-aging serum with everything you need to stimulate collagen formation and slow the aging process. This serum contains peptides that work synergistically with epidermal growth factors to rebuild skin and accelerate skin renewal. Hyaluronic acid rounds out this amazing serum, providing long-term moisture and skin plumping. Ideal for skin post resurfacing treatments to encourage healing and enhance wound repair.

**Key Ingredients:** Sodium Hyaluronate, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-7, sh-Oligopeptide-1, sh-Oligopeptide-2, sh-Polypeptide-1, sh-Polypeptide-9, sh-Polypeptide-11

**Rx:** Mature skin

## vitA-clear serum™ (SC510)

### oil modulation & anti-aging

This serum helps to modulate oil secretions and also encourages healthy skin cell turnover, critical for anti-aging and acne management. A unique ester form of vitamin A found in the Granactive Retinoid Fluid® converts to tretinoic acid in the cells providing all the benefits of vitamin A gently. Retinol and retinyl palmitate round out this triple action vitamin A serum contributing strong antioxidant properties. This formula contains a healthy bacteria support system consisting of probiotic lactobacillus ferment and prebiotic inulin. This skin probiotic technology is added to help strengthen the skin's barrier and encourage beneficial skin bacteria to flourish and crowd out blemish causing bacteria. This product is a must in every daily skin routine.

**Key Ingredients:** Hydroxypinacolone Retinoate (Vitamin A/Granactive Retinoid Fluid®), Inulin (Prebiotic), Retinol (Vitamin A), Retinyl Palmitate (Vitamin A), Lactobacillus Ferment (Probiotic)

**Rx:** Application for oily or acne prone skin daily to reduce sebum production. Key component for every anti-aging routine.

## Moisturizers

## ageless CBD lotion™(SC955-R)

### youth preserving & moisturizing

Prevent premature signs of aging with this light, antioxidant moisturizer. The anti-inflammatory properties of CBD and Hemp Oil help preserve a youthful appearance while calming breakouts or irritated skin. This lotion leaves a weightless finish making it a perfect choice for a variety of different skin types. Our skin has cannabinoid receptors, which allow for excellent penetration and therefore increased product efficacy. CBD (cannabidiol) offers vitamins, antioxidants and omega fatty acids with a plethora of skin benefits. CBD also fights the effects of aging by supporting cellular growth, skin repair and by regulating the cell life cycle. Hemp, a variety of the cannabis sativa plant, has been around for centuries as an industrial crop and used to make clothing and even nutritional products.

Unlike its psychoactive cousins, hemp has no more than 0.3 percent of THC content, and is considered safe for use in personal care products.

**Key Ingredients:** Cannabis Sativa (Hemp) Seed Oil and Hemp Derived Cannabidiol (CBD) Extract, Allantoin, Tocopherol Acetate (Vitamin E)

**Rx:** All skin types, especially dry.

### Skin Care Condition Guide:

# C-difference™- vitamin C lotion (SC520)

capillary defense & ultra moisturizing

C-difference™ - vitamin C lotion is a unique, oil-free moisturizer which offers redness relief and anti-aging support to even the most sensitive skin types. Sodium hyaluronate provides superior moisture in this formula through its ability to penetrate deeply, deliver water and improve nutrient absorption. Endothelyol®, a new and revolutionary ingredient controls all of the major skin inflammation factors – addressing both current and future vascular eruptions. Sodium Ascorbyl Phosphate further nourishes leaky, inflamed blood vessels, reducing redness and providing needed support for new collagen production. Glucosamine HCl and bisabolol contribute anti-inflammatory and skin rejuvenation support in this nutrient rich formula packaged in a light, silky lotion that really makes a “difference” in skin tone and texture.

**Key Ingredients:** Sodium Ascorbyl Phosphate (Vitamin C), Endothelyol®, Sodium Hyaluronate, Glucosamine HCl, Bisabolol, Biosaccharide Gum-2

**Rx:** For all skin types, especially mature and photo damaged skin. Helps to relieve visible redness.

# collagen renewal C'reme™ (SC590)

collagen building & reduces fine lines

Vitamin C, Edelweiss and Sachi Inchi are blended in this silky, highly effective moisturizer with skin renewal and protective properties. In clinical studies, Sacha Inchi was shown to reduce skin sagging by 45% after 28 days and decrease skin roughness more than 20% in 3 different parameters after 21 days. Clinical studies also show that Alpaflor® Edelweiss, an extract from the Swiss Alpine Edelweiss Plant, supports skin’s crucial protective barrier, while enhancing its resistance to external stress factors. This product is essential in a vitamin C regimen to aid in collagen formation and redness reduction while maintaining a healthy, vibrant glow.

**Key Ingredients:** Hydrolyzed Plukenetia Volubilis (Sacha Inchi) Seed Extract, Sodium Ascorbyl Phosphate (Vitamin C), Leontopodium Alpinum (Edelweiss) Extract, Azadirachta Indica (Organic Neem) Seed Oil,

**Rx:** Normal to dry, photo-damaged and mature skin.

# derma renewal gel (SC850)

calming & anti-inflammatory

Cooling and refreshing moisture in an oil-free gel which combines the time-tested homeopathic ingredients of arnica, calendula, aloe vera gel and vitamin K to renew the skin following cosmetic skin treatments, skin irritations, burns, pain, and inflamed areas. This cooling and refreshing gel increases the hydration level and promotes healthy cellular renewal.

**Key Ingredients:** Honey, Aloe Barbadosensis Leaf Juice, Sodium Hyaluronate, Arnica, Calendula, Chamomile

**Rx:** All skin types and is especially useful for post treatment skin.

# eye radiance K'reme™ (SC600)

lightens dark circles & reduces puffiness

Thoughtfully blended eye care cream for use against dark circles and puffiness. This luxurious cream illuminates the under-eye area with light diffusing, natural pigments. Haloxyl™, a peptide blend, promotes skin firmness while helping to reduce pigment and inflammation. Teprenone (Renovage®) fights signs of aging by helping to increase the lifespan of telomeres (Cell Protectors); creating healthy, youthful looking skin. Vitamin K and resveratrol combine to support healthy capillary function which helps against the formation of dark circles and pigment deposits.

**Key Ingredients:** Steareth-20/Hydroxysuccinimide/Chrysin/Palmitoyl Oligopeptide/Palmitoyl Tetrapeptide-7 (Haloxyl™), Teprenone (Renovage®), Phytanadione (Vitamin K), Alpha-Arbutin, Vitis Vinifera (Grape Seed) Extract, Titanium Dioxide Resveratrol, Arnica Montana Flower Extract, Calendula Officinalis (Marigold) Flower Extract

**Rx:** All skin types to reduce puffiness and the appearance of dark circles under the eyes.

### Skin Care Condition Guide:

# green tea vita-E moisturizer™ - with cucumber (SC540)

## hydrating & soothing

Moisturizer with a cream consistency that hydrates, soothes and calms skin. Light enough to wear day or night as a moisturizer or as repair for stressed skin. Contains soothing cucumber, calendula extracts and vitamin E to calm irritations. Green tea extract is a powerful antioxidant appropriate for providing protection against environmental stress.

**Key Ingredients:** Butyrospermum Parkii (Shea) Butter, Aloe Barbadensis Leaf Juice, Ascorbic Acid (Vitamin C) Camellia Sinensis (Green Tea) Leaf Extract, Cucumis Sativus (Cucumber) Fruit Extract Calendula Officinalis (Calendula) Flower Extract, Tocopheryl (Vitamin E), Allantoin

**Rx:** For all skin types as a daily moisturizer. Use on all skin types when stressed from topical irritations, overuse of anti-aging or acne

# Treatment Products

## green tea toner - with glycolic (SC640)

### oil control & anti-aging

Glycolic toner blends a synergistic combination of peony root extract and heavy water to create superior skin softening and plumping. Green tea extract provides antioxidant protection and glycolic acid loosens cellular debris, cuts oil and encourages cell turnover. After use, skin feels smooth, taut and balanced.

**Key Ingredients:** Hamamelis Virginiana (Witch Hazel) Water, Deuterium Oxide (Heavy Aqua (Water)), Paeonia Lactiflora (Peony) Root Extract and Trehalose (Detoskin™), Sodium PCA, Camellia Sinensis (Green Tea) Leaf Extract, Glycolic Acid

**Rx:** Most skin types (that tolerate glycolic acid).

## hydra-repair mask (SC610)

### calms & moisturizes

This creamy, hydrating mask works to visibly reduce the appearance of pores and immediately improve minor irritations and refines texture. Helps to calm irritable skin and may be used after an aggressive treatment. It also works well to reduce stress from acne, sunburn and other irritable skin conditions. Red wine extract has an anti-inflammatory quality, while squalane and jojoba are added to soothe and replace the lipid barrier to help hold in the skin's own natural moisture factor.

**Key Ingredients:** Kaolin, Aloe Barbadensis Leaf Juice, Jojoba, Squalane (Olive), Resveratrol

**Rx:** Any skin type, especially irritated, dry, photo- damaged and post-treatment skin.

## CBDetox™ charcoal mask (SC960)

### detoxifying & clarifying

This mask is packed with acne and inflammation fighting ingredients that reduce breakouts and ensure skin is hydrated. CBD is not only a powerful antioxidant and anti-inflammatory agent but it also works to restore balance in the skin. Turmeric provides additional antioxidant and anti-inflammatory benefits and promotes healing. Purifying clays Kaolin, Bentonite and Moroccan Lava Clay combine with Activated Charcoal to extract impurities and excess oils without over-drying. Marimoist® and aloe provide moisture and soothe skin.

**Key Ingredients:** Kaolin, CBD Distillate, Bentonite, Activated Charcoal, Moroccan Lava Clay, Turmeric, MariMoist®, Aloe Barbadensis Leaf Juice

**Rx:** Oily or acne-prone skin types. May be used weekly or more frequently depending on individual oil production.

### Skin Care Condition Guide:

## oxygen cream (SC770)

### *plumps & brightens*

A skin brightening cream with multiple activities and applications. A combination of vitamin A, glycolic acid and peroxide which improves hydration, oxygenation and plumps skin. This treatment cream may be used to improve blemish prone skin. It creates an immediate skin lifting and visible glow.

**Key Ingredients:** Glycolic Acid, Hydrogen Peroxide, Retinol

**Rx:** Normal, oily, photo- damaged, and acneic skin, especially during Hydra Bright Facial. Use with caution on extremely sensitive or individuals with rosacea.

## Exfoliants

### AHA salicylic solution (SC570)

#### *exfoliates & drives serums*

This skin renewal product hydrates while exfoliating with a poly-AHA combination of glycolic, lactic and salicylic acids. Pentavitin® creates a moisture reservoir to properly balance skin and provide hydration. This pleasant gel removes dead cells creating a smoother, softer surface for any skin type. It is also used as part of the delivery system for all nutrient serums. The combination of acids is extremely effective, yet gentle enough for many sensitive skin types. Salicylic acid is a mild keratolytic that creates gentle desquamation, as well as providing anti-microbial benefits.

**Key Ingredients:** Glycolic Acid, Lactic Acid, Salicylic Acid, Saccharide Isomerate (Pentavitin™)

**Rx:** Any skin type, especially for oily and acneic skin types. Used for resurfacing and re-texturizing programs. This product may be applied after serums to intensify delivery. Helpful in the treatment of keratosis pilaris.

### botana-scrub cleanser (SC890)

#### *clarifying & anti-aging*

Deeply cleanse and gently exfoliate skin utilizing natural bamboo crystals plus glycolic and salicylic acids. This clarifying cleanser removes dead skin, absorbs oil, and brightens. Snow mushroom and sodium hyaluronate help restore natural water balance which is critical, in the most oily skin types. This unique blend of ingredients will help improve texture and tone, leaving the skin looking revitalized and glowing.

**Key Ingredients:** Bambusa Arundinacea (Bamboo) Stem Extract, Glycolic Acid, Salicylic Acid, Tremella Fuciformis Sporocarp (Mushroom) Extract, Sodium Hyaluronate

**Rx:** Most skin types (that tolerate glycolic acid). Normal, oily, acneic, photo-damaged and aging skin. Can be used daily.

### GLY10™ exfoliating lotion (SC700)

#### *collagen building & rejuvenating*

GLY10™ exfoliating lotion increases cell turnover, evens out skin tone, and reduces the appearance of pores in addition to signs of aging. Continuous use of this clinical strength lotion can significantly improve the overall appearance of skin. The small molecule size of glycolic acid allows it to penetrate the skin easily and deeply to exfoliate, clear debris from pores and stimulate collagen and elastin production. This lotion can be used as a daily exfoliator and helps prepare skin for professional glycolic peels and treatments.

**Key Ingredients:** Glycolic Acid, Allantoin, Tocopherol (Vitamin E)

**Rx:** Dull, uneven, dry, mature skin

#### Skin Care Condition Guide:

## retinyl enzyme treatment — with green tea (SC560)

### *exfoliates & skin smoother*

Enzyme exfoliator plus skin tightening and rejuvenating vitamin A proprietary complex. Proven superstar fruit enzymes bromelain and papain denature proteins of surface dead cells and enhance vitamin A delivery. Green tea and ubiquinone offer potent antioxidant support for skin structures in addition to supporting collagen production. Like a fine buffing cloth, this product exfoliates gently and in a controlled manner providing instant results for amazingly smooth, firm, soft and glowing skin.

**Key Ingredients:** Lactic Acid, Resveratrol, Bisabolol, Camellia Oleifera (Green Tea) Extract, Bromelain, Biosaccharide Gum-2, Retinol, Papain, Ubiquinone

**Rx:** For use by all skin types, especially photo-damaged, dry and mature skin.

## Sun Protection

### daily eclipse® SPF 30 Sunscreen (SC550)

#### *mineral sunscreen & post treatment must*

Oil-free, physical sunscreen that uses no chemical sunscreen ingredients in the formula. Instead, it is formulated with micronized titanium dioxide and zinc oxide for broad spectrum filtering (UVA and UVB). Lingostem™, an ingredient which comes from lingonberry (Vaccinium vitis-idaea) stem cells, provides another level of protection from Infrared Radiation. Recent research suggests that IR radiation induces inflammation, premature skin aging, and cancer. Infrared radiation accounts for 50% of the exposure a typical person gets each day, as compared to just 7% coming from UVA and UVB. This mild barrier protection can be used after any strong skin treatment with no worry of burning or irritation, especially around the eyes. It leaves skin feeling smooth without a greasy residue.

**Key Ingredients:** Titanium Dioxide, Zinc Oxide, Vaccinium Vitis-Idaea Fruit Extract (Lingostem™)

**Rx:** All skin types, especially sensitive and post microdermabrasion, surgery, peel, and/or laser, for barrier and sun protection. May be used on children and adults.

### daily eclipse® SPF 30 Tinted Sunscreen (SC940)

#### *A sheer hint of color to even skin tone.*

Oil-free, physical sunscreen that uses no chemical sunscreen ingredients in the formula. Instead, it is formulated with micronized titanium dioxide and zinc oxide for broad spectrum filtering (UVA and UVB). Lingostem™, an ingredient which comes from lingonberry (Vaccinium vitis-idaea) stem cells, provides another level of protection from Infrared Radiation. Recent research suggests that IR radiation induces inflammation, premature skin aging, and cancer. Infrared radiation accounts for 50% of the exposure a typical person gets each day, as compared to just 7% coming from UVA and UVB. This mild barrier protection can be used after any strong skin treatment with no worry of burning or irritation, especially around the eyes. It leaves skin feeling smooth without a greasy residue.

**Key Ingredients:** Titanium Dioxide, Zinc Oxide, Vaccinium Vitis-Idaea Fruit Extract (Lingostem™), Iron Oxides

**Rx:** All skin types, especially sensitive and post microdermabrasion, surgery, peel, and/or laser, for barrier and sun protection. May be used on children and adults.

# Body

## soothe and restore™ therapeutic body massage oil (SC865)

### moisturizing muscle relief

Our soothe and restore™ blend provides soothing support for achy, sore and inflamed muscles. It is a beautiful mixture of lavender, eucalyptus, ginger, and silver fir; a combination specifically chosen to offer analgesic and anti-inflammatory properties. Your clients from athletes to fibromyalgia sufferers will realize the benefits of this blend.

**Key Ingredients:** Lavender (Lavandula Angustifolia), Eucalyptus Smithii, Ginger (Zingiber Officinale), Silver Fir (Abies Alba)

**Rx:** All skin types

B

## calm and balance™ therapeutic body massage oil (SC875)

### moisturizing stress relief

Our calm and balance™ blend provides aromatherapeutic relief for stressed, anxious clients. Frankincense is the star of this blend and the major essential oil ingredient, comprising 62.5% of the total essential oil components. It provides a base for calming without sedating, improves mood, and imparts a relaxed yet gentle re-energized feeling. Lavender, mandarin orange, neroli and ylang ylang round out this zen blend.

**Key Ingredients:** Frankincense, Lavender (Lavandula Angustifolia), Mandarin Orange, Neroli

**Rx:** All skin types

B

## Condition Specific Kits

### Hydrating Kit (HYNDR)

Hydration is essential for a youthful glow. This routine is designed for normal to dry skin as well as sensitive or mature skin needing added moisture. Enhanced with natural botanical and organic ingredients, the products help to mimic the skin's natural lipids so that moisture stays intact. Additional anti-aging compounds contribute to ultra-moisturizing and firming so this regimen ensures skin stays hydrated with a healthy appearance.

**This kit contains:**

- C-difference™ -vitamin C lotion (30 ml)
- green tea vita-E moisturizer™ – with cucumber (30 ml)
- argan boost serum™ (18 ml)

D M NC

### Skin Care Condition Guide:

## Clarifying Kit (CLAR)

The acne routine is tailored for patients with oily or acneic skin. Packed with potent minerals and vitamins, it helps modulate oil secretions and shed plugs and impactions through exfoliation, while calming and toning the skin with essential hydration. By deep cleaning pores and purifying skin, this regimen gets to the root of the problem.

This kit contains:

- vitA-clear serum™ -antioxidant/oil control (18 ml)
- AHA salicylic solution (50 ml)
- green tea toner – with glycolic (50 ml)

## Lightening Kit (LGHT)

The Lightening Routine works nicely with all skin types to achieve a radiant, more even complexion. Contains botanicals formulated with powerful skin-lightening ingredients proven to gradually even skin tone and diminish sun damage and pigmentation.

This kit contains:

- clari-tone serum™ - for even skin tone (18 ml)
- AHA salicylic solution (30 ml)
- C-difference™ - vitamin C lotion (30 ml)

## Anti-Aging Kit (ANTI)

The anti-aging routine combats photo damage and all signs of aging for all skin types. With an abundance of antioxidants and vitamins, it hydrates and re-texturizes skin while minimizing the appearance of pores and fine lines. For mature skin or as a preventative measure, this regimen offers “damage control” while rejuvenating skin. Expect an immediate, visible “glow”.

This kit contains:

- high potenC serum™ (18 ml)
- retinyl enzyme treatment – with green tea (30 ml)
- collagen renewal C'reme - with EGF™ (30 ml)

## Post Treatment Kit (POST)

This kit is specifically designed to work with sensitive skin types or those who have recently had an aggressive resurfacing/ rejuvenation treatment such as microdermabrasion, chemical peels, Intense Pulsed Light and other light-based technologies or for those who have extremely sensitive skin. Ingredients are gentle enough that they will not cause irritation or drying.

This kit contains:

- gentle cleansing bar (30 gr)
- aloe cort 1% (30 ml)
- argan boost serum™ (18 ml)

# Why DermaMed Solutions

## A Holistic Approach to Professional Skincare & Aesthetic Equipment

Since 1998, DermaMed Solutions has provided professional skin care equipment, spa equipment and natural skincare products. In that time, we have built a reputation for innovative technology in skincare equipment and salon spa equipment along with high quality customer service.

We are committed to helping your skincare business grow. At DermaMed Solutions, we believe the condition of your skin is a reflection of your overall well-being. Achieving and maintaining healthy, beautiful skin requires a holistic approach that incorporates mechanical and topical treatments, but also considers nutrition, mindset and other lifestyle factors. Skincare regimens and treatments must be tailored to meet the unique qualities of each person. Our approach uses an integrated methodology which combines treatment modalities so you can help your clients reveal brilliant skin from the "inside out" and "outside in".

## Our approach:

**Mechanical Procedures:** Which includes MegaPeel® Microdermabrasion, Quadra Q4® Intense Pulsed Light, DermaYAG 1064 Nd:YAG.

**Topical Skin Care:** dmSkincare, a "clean clinical" professional retail and back bar skincare line that is paraben-phthalate-, sulfate-, petroleum-free with no artificial fragrance or colors.

**Wellness:** Nutritional supplements and lifestyle protocols that focus on beauty from the inside out.
