Happy Holidays!

People have asked for us to make this particular design available for a long time, so we'd like to share it with you and all of our subscribers for your own personal use. The design is in black and white, so it should look good on any printer, but the nicer the printer and paper, the nicer the results. There are three pages, as follows:

1. **3" x 3" Gift Tags**: Trim at the crop marks and punch a hole in the top left corner for a unique holiday gift tag.

2. **4.25" x 5.5" Greeting Cards**: Cut each sheet of paper in half, then fold the two resulting cards down the middle.

3. **8" x 8" Art Print**: Cut the top and bottom 1.25" from the page where the crop marks are. The print is cropped at 8.5" square to provde more paper to mount to a mat in a frame, so don't sweat it if you get a little bit of the crop marks on the final print.

And the end
of all our exploring
will be to arrive where
we started and know
