world.**

Our mission is to serve our customers in the local and global markets with quality products meeting customer needs using our advanced machine park and automation system with our accountable and highly motivated expert staff. Our vision is to be a pioneering and leading brand in Turkey and a recognized brand worldwide.

SEBATA IN THE WORLD

Our company, which makes contract manufacturing or direct exports to 15 countries of the world, has become one of the valuable brands of its field with its reputation in the global market, in addition to being a leading producer in the local market.

The aim is to satisfy the growly demand, coming from all over the world.

With this goal, the brand SEBATA is reinforcing and developing the distribution network through digital and traditional channels, maintaining high quality standards of production and service.

QUALITY MANAGEMENT

Being one of the leading companies in Turkey in terms of technology and quality and aware of its responsibilities towards the society and the environment, Sebata aims to contribute to the global market by offering products and services that will provide the highest benefit to its customers.

ARE YOU READY FOR A NEW GENERATION FRANCHISE INVESMENT?

We are glad to introduce you our brand SEBATA which aims to bring life to a brand-new business model and a project that has been needed in the retailing industry for some time now.

The highlight of the brand is that it combines style and functionality in lifestyle products, in addition to supporting marketing instruments and marketing concepts specifically designed in the spirit of the collections.

Products that are designed and produced under our new brand's name, are being offered as a 'design and shopping package' in order to fulfil the new generation consumer needs from A to Z with an exclusive content concept for each individual product.
