

# little bee scents

## Section 4: First-Aid Measures

**General Notes:** Do not leave affected person unattended. Remove victim out of danger. Remove all contaminated clothing. In all cases of doubt, or when symptoms persist, feel medical advice.

**After skin contact:** wash with plenty of soap and water.

**After eye contact:** Remove contact lenses if present and easy to do. Continue rinsing. Irrigate with clean, fresh water for at least 10 minutes, holding the eyelids apart.

**After inhalation:** If breathing is irregular or stopped, immediately seek medical assistance and start first aid actions. Provide fresh air.

**After swallowing:** Rinse mouth with water (only if the person is conscious). Do NOT induce vomiting.

## Section 5: Fire-Fighting Measures

**Suitable extinguishing agents:** water spray, BC-powder, Carbon dioxide (CO2)

**Specific hazards arising from the chemical:** hazardous combustion/decomposition products: combustion may produce Carbon Monoxide and Carbon Dioxide. Hazard polymerization products: when heated to decomposition, produced acrid smoke and fumes.

**Special protective equipment for firefighters:** Firefighters should wear positive pressure self-contained breathing apparatus. Spray extinguishing media directly into base of flames. Water is unsuitable for use on burning material.

## Section 6: Accidental Release Measures

**Personal precautions:** remove persons to safety

**Measures for environmental protection:** keep away from drains, surface and ground water. Retain contaminated washing water and dispose of it.

**Measures for cleaning/collecting:** if material is spilled or released, remove all potential sources of ignition, contain spill with inert non-combustible absorbent material, and place in approved containers.

## Section 7: Handling and Storage

**Handling:** wash hands after use, keep away from food and drink, and use only in well-ventilated areas.

**Storage:** store in sealed containers in a cool dry place away from sources of ignition, heat or direct sunlight.

## Section 8: Exposure Controls/Personal Protection

No additional information available.

| Chemical Name | CAS No | Identifier | TWA [mg/m³] | Source |
|---------------|--------|------------|-------------|--------|
|               |        |            |             |        |
|               |        |            |             |        |

**General protective and hygienic measures:**

**Breathing equipment:** in case of inadequate ventilation, wear respiratory protection

**Protection of hands:** wear suitable gloves

**Eye protection:** wear eye/face protection

### Section 9: Physical and Chemical Properties

**Form:** Liquid  
**Odor:** Characteristic  
**Odor threshold:** No data available  
**pH:** No data available  
**Melting point/melting range:** Not applicable  
**Boiling point/boiling range:** No data available  
**Flash point:**  
**Evaporation rate:** not determined  
**Flammability:** Combustible liquid. Not applicable.  
**Upper/lower flammability or explosive limits:** Not determined  
**Danger of explosion:** No data available  
**Vapor pressure:** No data available  
**Vapor density:** No data available  
**Relative density:** No data available  
**Solubility in/Miscibility with water:** No data available

### Section 10: Stability and Reactivity

**Reactivity:** Concerning incompatibility: see below “Conditions to avoid” and “Incompatible materials”.  
**Chemical stability:** The material is stable under normal ambient and anticipated storage and handling conditions of temperature and pressure.  
**Conditions to avoid:** There are no specific conditions known which have to be avoided.  
**Incompatible materials:** Oxidizers  
**Hazardous decomposition products:** Reasonably anticipated hazardous decomposition products produced as a result of use, storage, spill and heating are not known.

### Section 11: Toxicological Information

Test data are not available for the complete mixture. The method for classification of the mixture is based on ingredients of the mixture.

**Oral toxicity:** harmful if swallowed  
**Dermal toxicity:** not available  
**Inhalation toxicity:** not available

### Section 12: Ecological Information (non-mandatory)

**Ecotoxicity:** data are not available  
**Mobility:** data are not available  
**Biodegradation:** data are not available  
**Bioaccumulation:** data are not available

### Section 13: Disposal Considerations (non-mandatory)

Do not empty into drains. Avoid release to the environment.  
Please consider the relevant national or regional provisions. Waste shall be separated into the categories that can be handled separately by the local or national waste management facilities.

#### Section 14: Transport Information (non-mandatory)

- DOT: not regulated
- **UN Number:** not subject to transport regulations
- **UN proper shipping name:** not assigned
- **Transport hazard class(es):** not assigned
- **Packing group:** not assigned
- **Environmental hazards:** non-environmentally hazardous according to the dangerous goods regulations.

#### Section 15: Regulatory Information (non-mandatory)

##### **US Federal Regulations**

SARA Section 355 (extremely hazardous substances): not required

SARA Section 313 (specific toxic chemical listings): not required

Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs): not required

California Environmental Protection Agency: Prop 65: not required

#### Section 16: Other Information

##### **SDS date of preparation/update:**

The data contained in this Safety Data Sheet is accurate to the best knowledge of Little Bee Scents, applies to the product as supplied by Little Bee Scents and does not relate to use in combination with any other material or in any process. Data and information is furnished without warranty expressed or implied, nor does Little Bee Scents assume responsibility for use or reliance upon this data. This SDS is current to the date listed above. However, the GHS classifications may change due to hazard communication updates by the overseeing governing body. For the most current SDS information please contact [marsha@littlebeescents.com](mailto:marsha@littlebeescents.com).
