

little bee scents

Section 4: First-Aid Measures

First-aid measures general : IF exposed or concerned: Get medical advice/attention.
First-aid measures after inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. If you feel unwell, seek medical advice.
First-aid measures after skin contact : Remove affected clothing and wash all exposed skin area with mild soap and water, followed by warm water rinse. Wash contaminated clothing before reuse.
First-aid measures after eye contact: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Obtain medical attention if pain, blinking or redness persists.
First-aid measures after ingestion : Do not induce vomiting. Drink plenty of water. Call a POISON CENTER or doctor/physician if you feel unwell.

Section 5: Fire-Fighting Measures

Suitable extinguishing agents: dry powder, Carbon dioxide (CO₂), foam
Specific hazards arising from the chemical: hazardous combustion/decomposition products: combustion may produce Carbon Monoxide and Carbon Dioxide. Not explosive.
Special protective equipment for firefighters: Move containers from fire area if it can be done without risk. Do not attempt to take action without suitable protective equipment.

Section 6: Accidental Release Measures

For containment: Collect spillage
Methods for cleaning up: Soak up spills with inert solids, such as clay or diatomaceous earth as soon as possible. This material and its container must be disposed of in a safe way, and as per local legislation.

Section 7: Handling and Storage

Precautions for safe handling: Do not eat, drink or smoke when using this product. Do not get in eyes, on skin, or on clothing. Ensure good ventilation of the work station. Keep away from sources of ignition - No smoking. Use personal protective equipment as required. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work.
Hygiene measures: Do not eat, drink or smoke when using this product. Wash hands and other exposed areas with mild soap and water before eating, drinking or smoking and when leaving work. Wash contaminated clothing before reuse.
Storage conditions: Keep only in the original container in a cool, well ventilated place away from : Direct sunlight. Keep container closed when not in use.
Incompatible products: Oxidizing agent.
Incompatible materials: Heat sources. Direct sunlight. Sources of ignition.

Section 8: Exposure Controls/Personal Protection

No additional information available.

Appropriate engineering controls: Ensure good ventilation of the work station.
Environmental exposure controls: Avoid release to the environment.
Personal protective equipment: Gloves. Safety glasses.
Materials for protective clothing: Wear long sleeves and pants. Immediately remove contaminated clothing and launder before reuse.

little bee scents

Section 9: Physical and Chemical Properties

Form: Amber Liquid
Odor: Characteristic
Odor threshold: No data available
pH: No data available
Melting point/melting range: Not applicable
Boiling point/boiling range: No data available
Flash point:
Evaporation rate: not determined
Flammability: Combustible liquid. Not applicable.
Upper/lower flammability or explosive limits: Not determined
Danger of explosion: No data available
Vapor pressure: No data available
Vapor density: No data available
Relative density: No data available
Solubility in/Miscibility with water: No data available

Section 10: Stability and Reactivity

Reactivity: Product is not explosive.
Chemical stability: Stable
Conditions to avoid: Direct sunlight. Overheating. Open flame. Heat. Sparks.
Incompatible materials: Oxidizers
Hazardous decomposition products: Thermal decomposition generates: carbon dioxide, carbon monoxide, smoke.

Section 11: Toxicological Information

Test data are not available for the complete mixture. The method for classification of the mixture is based on ingredients of the mixture.

Oral toxicity: Not classified
Dermal toxicity: Not classified
Inhalation toxicity: Not classified

Section 12: Ecological Information (non-mandatory)

Ecotoxicity: No additional information available
Mobility: No additional information available
Biodegradation: No additional information available
Bioaccumulation: No additional information available

Section 13: Disposal Considerations (non-mandatory)

Dispose in a safe manner in accordance with local/national regulations.

little bee scents

Section 14: Transport Information (non-mandatory)

- DOT: not regulated
- **UN Number:** Not applicable
- **UN proper shipping name:** Not applicable
- **Transport hazard class(es):** Not applicable
- **Packing group:** Not applicable
- **Environmental hazards:** Not applicable

Section 15: Regulatory Information (non-mandatory)

US Federal Regulations

California Proposition 65 - This product does not contain any substances known to the state of California to cause cancer, developmental and/or reproductive harm

Section 16: Other Information

SDS date of preparation/update:

Hazard Rating:

Health: 1 Slight Hazard - Irritation or minor reversible injury possible

Flammability: 1 Slight Hazard - Materials that must be preheated before ignition will occur. Includes liquids, solids and semi solids having a flash point above 200 F. (Class IIIB)

Physical: 0 Minimal Hazard - Materials that are normally stable, even under fire conditions, and will NOT react with water, polymerize, decompose, condense, or self-react. Non-Explosives.

Personal protection: B - Safety glasses, Gloves

The data contained in this Safety Data Sheet is accurate to the best knowledge of Little Bee Scents, applies to the product as supplied by Little Bee Scents and does not relate to use in combination with any other material or in any process. Data and information is furnished without warranty expressed or implied, nor does Little Bee Scents assume responsibility for use or reliance upon this data. This SDS is current to the date listed above. However, the GHS classifications may change due to hazard communication updates by the overseeing governing body. For the most current SDS information please contact marsha@littlebeescents.com.
