

## Shugga Plum Safety Data Sheet

### 1 Identification

#### GHS Product Identifier

Shugga Plum

#### Other means of identification

Fragrance oil

#### Recommended use of the chemical and restriction on use

For manufacturing use only.

#### Supplier's details

Little Bee Scents

PO Box 684, Leavenworth, KS 66048

marsha@littlebeescents.com

#### Emergency phone number

Poison control: (800) 222-1222

In case of emergency, call 911.

### 2 Hazard(s) identification

#### Classification of the substance or mixture

Not classified

#### GHS label elements

Signal word: warning

Physical hazards: Sensitization, skin Category 1

Environmental hazards: Hazardous to the aquatic environment, acute Category 3

Hazardous to the aquatic environment, along term Category 2

Hazard statement

H317 May cause an allergic skin reaction

H402 Harmful to aquatic life

H411 Toxic to aquatic life with long lasting effects

Prevention

P261 Avoid breathing mist/vapor

P272 Contaminated work clothing must not be allowed out of the workplace

P273 Avoid release to the environment.

P280 Wear protective gloves/eye protection/face protection.

Response

P302 + P350 If on skin, wash with plenty of water

P333 + P313 If skin irritation or rash occurs: Get medical attention or advice

P363 Wash contaminated clothing before reuse

P391 Collect spillage.

Storage

Store away from incompatible materials

Disposal

P501 Dispose of contents/container in accordance with local/regional/national/international regulations.

**Other hazards which do not result in classification**

Not applicable

**3 Composition/information on ingredients**

Description	CAS Number	EINECS Number	%
-------------	------------	------------------	---

The individual chemical identities of the ingredients of this mixture are considered to be proprietary information and trade secrets. As such they are withheld in accordance with the provisions of the law. Certain hazardous substances are listed in the Exposure Controls/Personal Protection section.

**4 First-aid measures**

**Inhalation:** Move to fresh air. Call a physician if symptoms develop or persist.

**Skin contact:** Remove contaminated clothing immediately and wash skin with soap and water. Get medical attention if irritation develops and persists.

**Eye contact:** Rinse with water. Get medical attention if irritation develops and persists.

**Ingestion:** Rinse mouth. Get medical attention if symptoms occur.

**Most important symptoms/effects, acute and delayed:** May cause an allergic skin reaction. Dermatitis. Rash.

**Indication of immediate medical attention and special treatment needed:** Provide general supportive measures and treat symptomatically. Keep victim under observation. Symptoms may be delayed.

**General information:** Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. Wash contaminated clothing before reuse.

**5 Fire-fighting measures**

**Suitable extinguishing media**

Water fog. Alcohol resistant foam. Dry chemical powder. Dry chemicals. Carbon dioxide (CO2). Do not use water jet.

**Specific hazards arising from the chemical**

During fire, gases hazardous to health may be formed.

**Special protective actions for fire-fighters**

Self-contained breathing apparatus and full protective clothing must be worn in case of fire.

Move containers from fire area if you can do so without risk.

## 6 Accidental release measures

**Personal precautions, protective equipment and emergency procedures**

Keep unnecessary personnel away. Keep people away from and upwind of spill/leak. Wear appropriate protective equipment and clothing during clean-up. Ensure adequate ventilation. Avoid breathing mist/vapor. Local authorities should be advised if significant spillages cannot be contained. For personal protection, see section 8 of the SDS.

**Environmental precautions**

Avoid release to the environment.

**Methods and materials for containment and cleaning up**

This material is classified as a water pollutant under the Clean Water Act and should be prevented from contaminating soil or from entering sewage and drainage systems which lead to waterways.

Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Use a non-combustible material like vermiculite, sand or earth to soak up the product and place into a container for later disposal. Following product recovery, flush area with water.

Small Spills: Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. Clean surface thoroughly to remove residual contamination.

## 7 Handling and storage

**Precautions for safe handling**

Avoid contact with eyes, skin, and clothing. Avoid prolonged exposure. Provide adequate ventilation. Wear appropriate personal protective equipment. Avoid release to the environment. Observe good industrial hygiene practices.

### Conditions for safe storage, including any incompatibilities

Store in tightly closed container. Store away from incompatible materials (see Section 10 of the SDS).

## 8 Exposure controls/personal protection

### Control parameters

This information is not available.	CAS No	Identifier	TWA[ppm]	TWA[mg/m <sup>3</sup> ]	Source
------------------------------------	--------	------------	----------	-------------------------	--------

Exposure controls

Individual protection measures, such as personal protective equipment

Always provide effective general and, when necessary, local exhaust ventilation to maintain the ambient workplace atmosphere below the exposure limits.

Respiratory protection: none generally required

Specific protection for the hands: protective gloves against minor risks

Eye and face protection: safety glasses against splash/projections

Bodily protection: work clothing and anti-slip work shoes

Environmental exposure controls:

In accordance with the community legislation for the protection of the environment it is recommended to avoid environmental spillage of both the products and its container.

## 9 Physical and chemical properties

### Physical and chemical properties

Appearance: Colorless liquid

Odor: characteristic aroma

pH: N/A

Melting Point: N/A

Boiling Point/range: N/A

Evaporation Rate: N/A

Partition Coefficient: N/A

Decomposition Temperature: N/A

Upper/Lower Flammability Limits: N/A

Vapor Pressure: Not Determined

Vapor Density: N/A

Relative Density +/- 0.020: N/A

Solubility: Not soluble in water

Flash Point: 200.0F / 93.3C

Flammability: N/A

Auto-Ignition Temperature: N/A

Viscosity: N/A

## 10 Stability and reactivity

### Reactivity

The product is stable and non-reactive under normal conditions of use, storage and transport.

### Chemical stability

Material is stable under normal conditions

### Possibility of hazardous reactions

No dangerous reaction known under conditions of normal use.

### Conditions to avoid

Direct sunlight. Heat. No smoking. Open flame. Overheating. Sparks.

### Incompatible materials

Strong oxidizing agents

### Hazardous decomposition products

No hazardous decomposition products are known.

## 11 Toxicological information

**Toxicological (health) effects - Test data are not available for the complete mixture.**

This mixture has not been subjected to toxicological testing as an entity.

## 12 Ecological information

This mixture has not been subjected to ecotoxicological testing as an entity.

## 13 Disposal considerations

Disposal instructions:

Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents/container in accordance with local/regional/national/international regulations.

Local disposal instructions:

Dispose in accordance with all applicable regulations.

Hazardous waste code:

The waste code should be assigned in discussion between the user, the producer and the waste disposal company.

Waste from residues / unused products:

Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

Contaminated packaging:

Since emptied containers may retain product residue, follow label warnings even after container is emptied. Empty containers should be taken to an approved waste handling site for recycling or disposal.

## 14 Transport information

**DOT**

**UN number UN3082**

**UN proper shipping name : Environmentally hazardous substance, liquid, n.o.s., MARINE**

**POLLUTANT**

**Transport hazard class(es) - 9**

**Subsidiary risk -**

**Label(s) None**

**Packing group III**

**Marine pollutant: yes**

**Special precautions for user Read safety instructions, SDS and emergency procedures before handling.**

**Special provisions 8, 146, 335, IB3, T4, TP1, TP29**

**Packaging exceptions 155**

**Packaging non bulk 203**

**Packaging bulk 241**

## 15 Regulatory information

### Safety, health and environmental regulations specific for the product in question

The following components are listed on the OEHHA California Proposition 65 List as "chemicals known to the state to cause cancer" or "to cause reproductive toxicity":

**None**

It is recommended to use the information included in this safety data sheet as data used in a risk evaluation of the local circumstances in order to establish the necessary risk prevention measures for the manipulation, use, storage and disposal of this product. Take into consideration other applicable federal, state and local laws and local regulations.

## 16 Other information

### Other information

The data contained in this Safety Data Sheet is accurate to the best knowledge of Little Bee Scents, applies to the product as supplied by Little Bee Scents and does not relate to use in combination with any other material or in any process. Data and information is furnished without warranty expressed or implied, nor does Little Bee Scents assume responsibility for use or reliance upon this data. This SDS is current to the date listed above. However, the GHS classifications may change due to hazard communication updates by the overseeing governing body. For the most current SDS information please contact [marsha@littlebeescents.com](mailto:marsha@littlebeescents.com).
