

Tuberose - Safety Data Sheet

1 Identification

GHS Product Identifier

Tuberose

Other means of identification

Fragrance oil

Recommended use of the chemical and restriction on use

For manufacturing use only.

Supplier's details

Little Bee Scents

PO Box 684, Leavenworth, KS 66048

marsha@littlebeescents.com

Emergency phone number

Poison control: (800) 222-1222

In case of emergency, call 911.

2 Hazard(s) identification

Classification of the substance or mixture

This mixture has not been tested as a whole. The identity of individual chemicals of this mixture are Proprietary Information regarded to be a trade secret and withheld in accordance with the provisions of 1910.1200 of Title 29 of the CFR. In the event of a genuine medical emergency, they will be revealed to a qualified health professional. Ingredients present at concentrations of >1% (0.1% for carcinogens) present the following hazards:

Liquids may be IRRITATING to the skin and eyes.

GHS label elements

3 Composition/information on ingredients

<u>Description</u>	<u>CAS Number</u>	<u>EINECS Number</u>	<u>%</u>	<u>Note</u>
NONE				

4 First-aid measures

Description of necessary first-aid measures

Inhalation: Remove to fresh air. Give artificial respiration if necessary. Get medical attention immediately.

Eye Contact: Remove Contact Lenses, flush immediately with plenty of cool running water, continue to flush for 15 minutes . Consult a physician if irritation persists.

Skin Contact: Wash thoroughly with plenty of soap and water, flush skin with cool running water. Consult a physician if irritation persists.

Ingestion: Rinse mouth thoroughly with cool water. Do not induce vomiting, consult a physician immediately.

Notes to Physicians: Treat symptomatically.

5 Fire-fighting measures

Suitable extinguishing media

Foam, dry chemical, or carbon dioxide.

Specific hazards arising from the chemical

When heated to decomposition, produces acrid smoke and fumes.

Special protective actions for fire-fighters

Self-contained breathing apparatus and protective clothing should be worn when fighting fires involving chemicals. Containers exposed to heat from fire should be cooled with water to prevent vapor pressure build-up which could result in container rupture.

6 Accidental release measures

Methods and materials for containment and cleaning up

For Small Spills: Add inert absorbent material to absorb liquid, sweep up, and dispose of in accordance with federal, state, and local regulations.

For Large Spills: Dike to contain and pump into drums for use or dispose of in accordance with federal, state, and local regulations. Do not dispose in sewer, soil, or aquatic environment. In case of accidental spill or release, refer to Section 8 - Exposure Controls and Personal Protection.

7 Handling and storage

Precautions for safe handling

Work/ Hygienic Practices: Wash thoroughly after handling and before eating, drinking, or smoking.

Conditions for safe storage, including any incompatibilities

Conditions to Avoid: Keep away heat, flame, sparks, and other ignition sources.

General Storage Measures: Store in a cool, dry, and well ventilated area in original closed container out of sunlight and/or heat. Keep container closed when not in use.

8 Exposure controls/personal protection

Control parameters

Work Practices and Engineering Controls: Keep away from ignition sources. Eyewash fountains and safety showers should be easily accessible.

Appropriate engineering controls

Work Practices and Engineering Controls: Keep away from ignition sources. Eyewash fountains and safety showers should be easily accessible.

Individual protection measures

Personal Protective Equipment: Use chemical resistant/ impervious gloves when handling chemicals. Use safety glass or

goggles when handling chemicals.

9 Physical and chemical properties

Physical and chemical properties

Appearance: yellow liquid

Odor: fragrant odor

pH: N/A

Melting Point: N/A

Boiling Point/range: N/A

Evaporation Rate: N/A

Partition Coefficient: N/A

Decomposition Temperature: N/A

Upper/Lower Flammability Limits: NA

Vapor Pressure: Not Determined

Vapor Density: N/A

Relative Density: N/A

Solubility: Not soluble in water Flash

Point: 160F

Flammability: N/A

Auto-Ignition Temperature: N/A

Viscosity: N/A

10 Stability and reactivity

Chemical stability

STABLE

11 Toxicological information

Toxicological (health) effects

Toxicological data have not been determined specifically for this product .

12 Ecological information

Toxicity

Ecological studies have not been carried out on this product.

13 Disposal considerations

Disposal methods

Dispose of in accordance with federal, state, and local regulations.

14 Transport information

UN Number

D.O.T. Not Regulated for Ground Transport

IATA Not Regulated for Air Transport

IMDG Not Regulated for Sea Transport

15 Regulatory information

Safety, health and environmental regulations specific for the product in question

The following components are listed on the OEHHA California Proposition 65 List as "chemicals known to the state to cause cancer" or "to cause reproductive toxicity":

NONE

The following chemicals are considered to be contact allergens as defined in the Cosmetic Directive of the EU Labeling of Fragrance Allergens:

NONE

SUPERFUND AMENDMENTS AND REAUTHORIZATION ACT OF 1986 (SARA)

NONE

16 Other information

Other information

The data contained in this Safety Data Sheet is accurate to the best knowledge of Little Bee Scents, applies to the product as supplied by Little Bee Scents and does not relate to use in combination with any other material or in any process. Data and information is furnished without warranty expressed or implied, nor does Little Bee Scents assume responsibility for use or reliance upon this data. This SDS is current to the date listed above. However, the GHS classifications may change due to hazard communication updates by the overseeing governing body. For the most current SDS information please contact marsha@littlebeescents.com.
