

The ultimate vending machine

Conceived as the future of SandenVendo, G-Snack Evolution is the innovative automatic vending machine crafted with a motorized central delivery eyelet designed to provide an ergonomic, user-friendly and smart vending machine model. EV8 has 8 selections per shelf and presents an internal temperature range from +2°C to +10°C that is ideal for drinks, snacks and various types of food including vegetables, fruit and fresh eggs, safely delivered thanks to the central delivery eyelet. Its extreme versatility allows G-Snack Evolution to be suitable for installation inside automated shops as an Extra-Vending machine that dispenses merchandising items.
