IMPORTANT, RETAIN FOR FUTURE REFERENCE: READ CAREFULLY BEFORE USE.

For your baby's safety and health WARNING!

- Always use this product under adult supervision. Accidents have occurred when babies have been left alone with drinking equipment due to the baby falling or if the product has disassembled.
- Straw cups are not suitable for a child under 6 months.
- Never use feeding teats or spouts as a soother or teether.
- Before each use, inspect the product. Throw away at the first sign of damage or weakness.
- Continuous and prolonged sucking of fluids will cause tooth decay - Tooth decay in young children can occur even when non sweetened fluids are used. This can occur if baby is allowed to use the cup for long periods through the day and particularly through the night, when saliva flow is reduced or if it is used as a soother.

- Take extra care when microwave heating. Always stir heated food to ensure even heat distribution and test the temperature before serving.
- Keep all components not in use out of the reach of children.
- Ensure that your cup is assembled correctly in-line with the assembly instructions.

CARE FOR YOUR PRODUCT

- Fully disassemble and wash all components thoroughly in hot soapy water or in the top rack of your dishwasher before first and after each use.
- Top rack dishwasher safe (max. 65°C) - food colours in the dishwasher may discolour the product.
- Do not store in direct sunlight or near a source of heat, this could damage the product.
- Do not allow to come into contact with solvents or harsh chemicals, this could damage the product.

Conforms to BS EN 14350.
