## -Diamond Anti-Aging Facial

Designed to produce immediate results, advanced oxygen technology delivers highly concentrated serums deep into the skin. Naturally cooling and refreshing, this facial incorporates botanicals, antioxidants and vitamins that restore natural vitality and glow. Skin is thoroughly cleansed, gently exfoliated and results are instant and continue to improve in the following days. 75-minute includes an extra treatment for the delicate eye and lip areas plus a targeted application of peptides to address fine lines and wrinkles.

- \$210

## -O2 Renew Facial

An oxygen facial works by delivering oxygen to your skin cells. This oxygen helps to increase cell turnover, which in turn boosts collagen production. Oxygen also has anti-inflammatory properties, which can help to reduce the appearance of acne and other blemishes.

- \$200

## -Express Facial Includes Peel and Oxygen

An express facial combining a peel and oxygen treatment offers a rapid path to rejuvenated skin. The peel exfoliates, removing dead skin cells to reveal a brighter complexion, while the oxygen infusion hydrates and revitalizes. This efficient facial aims to provide noticeable results in a shorter timeframe, leaving skin looking refreshed and glowing.
