# ABOUT US

Sugandhim - a real life example of passion transforming into a profession is based on the ideology "SUGANDHIM PUSHTI VARDHANAM" which translates to "The supreme power of a pure natural fragrance which can truly enhance the quality of life".

We are a strong believer of the mantra "Flower water distillate (Hydrosol) is more powerful than the essential oil".

Our logo depicts a cauldron containing the 5 cardinal "Panch Tattva" Pruthvi (Earth), Jal (Water), Agni (Fire), Vayu (Air), & Aakash (Space) which forms the true essence of Ayurvedic literature.

SUGANDHIM is a sustainable brand based on the concept of 3A - Affordable Ayurvedic Aromatherapy that was conceived way back in 2002.

With our manufacturing unit set up in the divine city of Haridwar, we follow the traditional means of production to blend all our products.

Our founder believes in a multi-faceted approach of not just developing high quality natural products but also supporting local farmers.

We, at Sugandhim aim to be the premium quality solution catering to all your needs for healthy AIR, healthy HOME & a healthy BODY.
