How to wear

Please wear the device on your wrist correctly, about one finger from the carpal, and adjust it to a comfortable position.

Tip: Please wear the device a little tighter for accurate functioning of the heart rate monitor.

How to download & connect to 'BoulFit' App

1 - Long press the side button to turn on the device. Slide down from main interface, open setting and choose App QR code.

Use your mobile phone to scan the code. Or you can also scan above QR code or search for "BoulFit" in App store.

2. Open the App and turn your phone's Bluetooth ON. Search and select the corresponding device on app as guided.

Notes:

1. Keep Bluetooth ON while pairing to ensure successful connection.

2. If you couldn't find the watch during pairing, Long press side button for 5 seconds to get 'Power off', 'Reset', 'Restart' options. Perform watch reset and search again on BoulFit App.

Tips

1. For the first-time connection with Android, "Permissions" reminder will pop-up. Please follow the guidance and allow permissions to ensure all functions work properly.
2. Mobile phone system of Android 5.0 or IOS 9.0 or above is recommended.
3. Please upgrade the app to the latest version to get a better experience.
4. For the first time connection with iPhone, "Pair" reminder will pop-up. Click on Pair, for incoming calls and instant messages to be pushed.
5. To connect successfully, please turn on mobile phone's Bluetooth, GPS and mobile network.
6. If the device cannot be searched or connected during use, please reset or turn off the watch and try again.

Operating Instructions

(A). Quick Settings: On the dial interface, swipe from top to bottom.

(B). Notification: On the dial interface, swipe from bottom to top.

(C). Shortcut menu: On the dial interface, swipe from left to right.

Brightness adjustment: Brightness or darkness can be adjusted.

Power on/off: Press and hold the side button for 3 seconds on the dial page.

Power saving mode: When turned on, the brightness drops to the lowest level, and the incoming message does not vibrate to remind.

Do not disturb: After turn it on, the watch will no longer receive messages.

Menu view: The style of the main menu can be switched, and it can be switched to grid view or list view.

Dial switch: Long pressing the main page, you can slide left and right to select and set the dials.

Restart: Restart the watch in settings.

Version: Displays the Bluetooth name and version number.

Reset: Restores factory settings.

APP download: Scan the QR code to download the APP.

Scan & Download 'BoultFit' App

Other functions: Stopwatch, alarm, timer, brightness, mute on/of, theater mode, factory reset, power off and about.

Using in Wet Conditions: Your gadget is water-resistant, which means it can withstand even the sweatiest workout while remaining splash- and rain-proof.

NOTE:

Do not wear your Smart Bracelet when swimming. Additionally, even while bathing with your wristband won't harm it, wearing it constantly prevents your skin from getting enough oxygen. When your bracelet gets wet, properly dry it before re-putting it on.

Using Quick View: With Quick View, you can view the time or a message from your phone on your smart bracelet without tapping. Simply turn your wrist in your direction, and the time screen will appear for a brief period of time.
