## **Attentions**

1. If the earbuds is left unused for over two weeks, please recharge it periodically.
2. Be sure to use a 5V DC, 1A charger made by qualified manufacturer.
3. Ensure that the distance between your device and the earbuds not too far away, ensure that nothing is blocking the signal between your device and the earbuds.
4. The implementation of the earbuds function will be different due to different protocols supported by different wireless device.
5. Don't disassemble or modify your earbuds for any reason to avoid any damages and danger. Don't over charging to avoid the outbreak of a fire. Avoid exposing the earbuds to extreme temperatures (below 0°C or above 45°C). Extreme temperatures can cause deformation of earbuds components and reduce battery life and the lifespan of your earbuds.
6. Don't put the device's LED lights close to humans' or animals' eyes. Do not use the earbuds during a thunderstorm. Thunderstorms can cause serious malfunction and increase the risk of electric shock.
7. Do not clean the earbuds with harsh chemicals or strong detergents.
8. Please follow our company's operation instructions. If any damage or danger caused due to the improper use, the responsibility shall be undertaken by the operator.
