

CUSTOM MINI REPLICA PARTNER KIT

MINI MULEYS

MINI MULEYS

A purchase will still need to be made in order to receive your Custom Replicas. This document has been made available for your convenience as a Partner.

Please follow the instructions below.

1. Print the coded targets provided below before taking the photos. The targets provide more precise measurements and will help enhance the quality and accuracy of your Mini.

2. With our simple instructions and any smartphone camera, you can capture the photos needed for your replica in about 5-10 minutes once you are set up. The detailed tutorial video can be found here with step by step instructions and important do's and don'ts -

https://youtu.be/668a_DGwETw

3. Send us your photos! Please upload your photos using the following private link:

<https://minimuleys.wetransfer.com/>

Click "I Agree" and then fill out YOUR info. Under "title" enter your name. Under "message", enter the type of custom you are ordering and the quantity you purchased.

Example:

Email: John@gmail.com

Title: John Johnson

Message: Typical Elk Euro (1)

4. We do the rest! While the timing can vary depending on the level of detail or difficulty, our goal is always to deliver your Mini Replicas as soon as possible while never sacrificing quality! We appreciate your support and patience and hope to soon offer specific lead times for custom orders.

More info on the Custom Replica process including answers about timing and notifications can be found on our YouTube channel. Link is here: <https://youtu.be/-z6TL4TaQmc>

Enjoy!

INSTRUCTIONS: Using scissors, cut out each target individually and place at random near the base of your object (shed, euro, etc.) Note: Do NOT place or attach targets to the object itself. It is not required to use the Targets provided. However, the targets increase our ability to recreate your replica by providing more precise measurements, and will allow for increased detail.
