MINI MULEYS

OUTFITTER PARTNER PRICING

ALL PRICES LISTED VALID UNTIL JAN 1, 2023

At Mini Muleys, we strive to create a product that turn heads and creates lasting memories! Our unique ability to create hyper realistic mounts and antlers has stunned those who have seen them online and especially those who have had a chance to hold our product in their hands.

We pride ourselves on being 100% made in the USA. Every single Mini Muley product is crafted and hand painted to ensure the highest quality for our customers. We are confident in our product's ability to increase your own sales and overall client satisfaction. We look forward to working with you as a respected partner.

As an Outfitter/Guide, the ability to offer a Custom Mini for your clients is a great addition to the services you provide. Many clients often have to wait months and sometimes even years to get their trophy animals back in their hands. With Mini Muleys, you are able to get your clients a Custom Replica of their animal in just WEEKS and its an easy way to give them something they can share with family and friends right away. This increases the word of mouth opportunities for that client to share with others about their hunt and their experience with YOU!

Some clients can also be intimidated by the process of taking photos for their Custom Mini. We've made it so simple that on average it takes no more than 5-10 minutes once set up. By simply taking the photos for your clients, you are not only increasing your own revenue as a Mini Muley Partner, but you are also enhancing your client's experience and this often results in larger tips and overall customer satisfaction.

SHEDS/SINGLES

While you are most likely not out shed hunting with your clients, we can STILL create a unique custom shed for them by allowing your clients to choose a favorite side of their trophy animal and create a Custom shed for them that can be displayed in their truck, at work, or at home.

EUROS

A Mini Muley Euro is the fastest and easiest option to create for your clients. You can take photos of the animal in the field, fleshed out, or even as a skull cap. As long as we can see the antlers or horns, we can replicate them and place them on an appropriate skull! This allows you to take your photos the very same day and allows for the fastest turn around time for you and your clients.

All Deer Species and Antelope Euros.

MINI MULEYS

Shoulder Mounts

For most North American species, we offer the unique ability to create a full shoulder mount of your client's animal even before the taxidermy has been completed. This can be done with simply photos of the skull cap or caped-out skull. We can then take that animal and place him onto a mount.

We currently offer this option for the following species: Mule Deer, Whitetail Deer, Elk, Antelope, Bighorn Sheep.

All Deer Species and Antelope Mounts.
