## DocuPrint P285 dw / M285 z A4 Monochrome Single and Multifunction Printers

Designed to take your productivity to the next level

# Smart, Powerful and Efficient Performance

The Fuji Xerox DocuPrint P285 dw and M285 z are the perfect solution for small and medium business workgroups who require high quality, fast and efficient monochrome printing with flexible connectivity capabilities in a compact size.

## PERFORMANCE AND RELIABILITY

- **Speed and Quality** With speeds of up to 34 pages per minute the 285 series supports print resolutions of up to 1200 x 1200 dpi, delivering the highest quality, faster print speed and first-page-out-time.
- Innovation and Reliability Building on Fuji Xerox's reputation for reliability the entire range includes simple engineering, easy operation and outstanding printing designed to give trouble free printing whenever you need it.
- Single Pass Duplex Automatic

  Document Feeder (SPDADF) —

  the DocuPrint M285 z comes equipped
  with 50-sheet feeder to be scanned in
  one single pass, reducing processing and
  waiting time.

## AFFORDABLE, EFFICIENT PRINTING

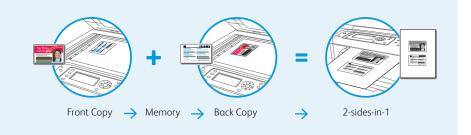

- Lower running costs Printer costs are far more than the initial purchase, and this range of Fuji Xerox printers is designed to keep overall running costs lower to suit your business needs with a 4,500 page toner cartridge.
- Reduced toner use With toner save mode, the printers can extend the life of your toner cartridge by varying the toner density during printing, saving money with every print.
- Use less paper By using the clever N-UP print feature, you can print multiple pages on a single sheet of paper, saving toner as well as paper, reducing the costs of your printing even further.

## INCREASE PRODUCTIVITY WITH SMART FEATURES

- Duplex Printing and WiFi as standard across the range With duplex printing standard across the range, these printers offer increased productivity and reduced costs combined with ease of use.
- Easy to use touch screen Interface the DocuPrint M285 z features a 2.7" colour touch screen interface that is simple to use. Quickly produce the quality prints you need through the clear, simple interface that makes walk up functions easy to access.
- Clever ID Card Copying This allows you to quickly copy both sides of an ID card onto one piece of paper, just copy one side, then the reverse and the printer does the rest. No need to move paper, put the card in a different location, just a quick, easy solution that saves time and money.

#### CLEVER ID CARD COPYING

The easy-to-use ID card copy feature allows you to copy both sides of the card onto the same side of the paper. Simply place an ID card both face up & down on the copier surface, pressing the start button each time.

#### STAY CONNECTED WITH ADVANCED MOBILE PRINT CONECTIVITY

Whatever device you need to print from, you can do so quickly and easily.

The DocuPrint P285 dw / M285 z feature the most comprehensive connectivity solutions available today.

#### AirPrint

Effortlessly print with an AirPrint-enabled printer from your iOS devices without the need to install a drive or configure the printer queue.

#### Google Cloud Print Ready

Simply connect your Fuji Xerox printer to the Internet. Allows you to print from any applications running on a phone, tablet, chrome device, PC and any other web-connected device directly onto the printers.

#### Wi-Fi Direct

Seamlessly connect and print quickly and easily with your Wi-Fi Direct enabled device without the use of an access point.

#### Fuji Xerox Print Utility

Whether it is an iOS or Android device, the Fuji Xerox Print Utility enables users to print and scan conveniently and directly at your fingertips. Download the app today from the App Store for iOS or Play Store for Android.

#### Mopria Certified

Print your business documents with your Android smartphones and tablet devices by connecting to any Mopria-certified Fuji Xerox printer. Mopria print services can be downloaded free from Google Play ™ Store (Android™ 4.4 or later).

#### Near Field Technology

Simply tap to connect, print or scan with an NFC enabled device.

Users can tap any NFC enabled device to print or scan via Fuji Xerox Print Utility\*. Simply select the photo or document you wish to utilise and tap your device to your DocuPrint P285 dw / M285 z.

#### DocuPrint P285 dw / M285 z Specifications

Product Name	DocuPrint P285 dw	DocuPrint M285 z

<sup>1</sup> Print/copy speed may decrease due to fators such as paper type, paper size, and printing conditions. <sup>2</sup> Measure when the machine is connected to the USB interface. <sup>3</sup> Declared yield in acccordance with ISO/IEC 19752. Yield will vary based on image area coverage and print mode. <sup>5</sup> Drum yield may vary by the type of use. <sup>5</sup> Windows Only <sup>8</sup> Mac drivers are available by web download. <sup>7</sup> Max 1200 x 1200 dp is canning with WIS (Windows Image Acquisition) driver in Windows 2 and Windows 8.1 up to 19200 x 1920 dp ican be chosen by using the scanner utility. <sup>6</sup> Only network printing supported on Windows Server OS. <sup>8</sup> N-up for Mac (2,4,6,9, or 16). All product names and company names mentioned in this brochure are trademarks or registered trademarks of their respective companies. <sup>8</sup> 1TU-T Test Chart, Standard resolution

This product has been tested and found to comply with the Class 1 Laser Equipment requirements defined by the international standard IEC60825-1:2007 and has no light exposure hazard. The product has no hazardous light emission as it features light protection components and covers to shut in all light beam during operation and maintenance. Internal Laser rediation Wave length: 770 - 800 nm Output: 25 mW arcs. Laser Class: Class 3B

Reproduction Prohibitions Please note that reproduction of the following is prohibited by law: Domestic and foreign currencies, government-issued securities, and national bonds and local bond certificates. Unused postage stamps, post cords, etc. Certificate stamps stipulated by law. Reproducing works forming the subject matter of copyright (literary works, musical works, pantings, engravings, maps, cinematographic works, drawings, photographic works, etc.) is not permitted unless the reproduction is for the purpose of personal use, family use or other similar uses within a limited circle.

For Your Safety

Before using the product, read the Instruction Manual carefully for proper use. Use the product with the power source and voltage specified. Be sure to establish ground connection. Otherwise, electronic shock may result in the case of a failure or short circuit.
