Paper Handling

1. Bottom feed: For dedicated volume printing tasks - requires pull tractor or bottom push tractor for zero tear-off and/or paper parking
2. Top feed: For single sheet applications - invoice set, orders
3. Rear feed: For greater flexibility - paper parking and cut-sheet feeder

Standard

- Rear push tractors
- Paper parking
- Low test-off
- Bottom feed
- Autoload single sheet

Optional

- Pull tractors
- Single/dual bin cut-sheet feeder
- Roll paper stand (80 column only)
- Bottom tractors with metal long-life tear-off bar

Major Applications

The **ML 390/391** Turbo narrow and wide carriage printers offer excellent flexibility to users who rely on one printer to perform a wide variety of tasks. Easy to use, highly reliable and with very low running costs, they are ideal for retail, small business and office applications.

- General use - multi-part forms, labels, listings
- Purchasing departments-invoices, statements, management information
- Administration - straightforward letter quality, reports, correspondence and legal documents
- Accounts - spreadsheets, computer printouts (wide carriage version)

Reliability

Print head life:	200 million characters
Ribbon life:	2 million characters
MTBF:	10,000 hours
