

NAKED  
PALM

## Ring size guide

We have designed the following chart to be used with an existing ring of yours to decipher your ring size for your NAKED PALM purchase.

If you have a plentiful selection of rings in your collection we recommend using a ring you already own that is most similar to the NAKED PALM ring you wish to purchase, such as band width, thickness and style.

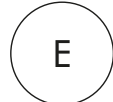

Measure the straight black line, labelled '3cm', if the page has been printed correctly this should measure exactly 3cm on your ruler.

3cm
