

Husqvarna PW 480

An extra large and powerful high pressure washer with a robust and purposeful design, built for the toughest cleaning tasks outside. With the pressure control you can adjust the water flow and operation pressure perfectly. Includes an integrated detergent tank which is controlled on the front panel. The brass pump head ensures an outstanding long-term performance. A steel armed high-pressure hose is included. The Low Force grip activates the trigger with less effort and more comfort for your hand. The induction motor ensures a dependable performance while the aluminum carrying handle facilitates transportation. Quick hose coupling, large and robust wheels for better traction, and a long spray lance add to the experience. Two swivel functions, for nozzle adjustment and quick connection, prevent hassle. On-board accessory storage, hose reel and power cord storage make operation efficient. Two nozzles are included.

On Board Storage

All included accessories can be neatly stored on the machine for easy access and more efficient work.

Steel Reinforced High-Pressure Hose

The flexible high-pressure hose is reinforced with steel to give you extra durability, easy handling and a prolonged product lifetime.

Brass Pump Head

The extra durable pump head is made of brass, which minimizes the risk of breakage and ensures an outstanding long-term performance.

Induction Motor

The induction motor combines a great performance with a high durability and a long lifetime.

FEATURES

- Ensures outstanding performance
- Extra durability and prolonged product lifetime
- Easy access and more efficient work
- High durability and long lifetime
- More ergonomic working positions
- Hose reel with supporting guide
- Adjusts operation pressure perfectly with maintained function when changing nozzle
- Easy movement and reliable traction
- Targeted high cleaning performance
- Easy transportation and convenient storage
- Makes moving and transport of the machine extra convenient
- Increased versatility for a wide range of cleaning tasks

Technical Specifications	
CAPACITY	
Container capacity	20 l
Electric protection class	IP X5
Max pressure	180 bar
Max self-priming suction	1 m
Max. Water inlet temperature	60 °C
Operating pressure Max	140 bar
Water flow	540–610 l/h
DIMENSIONS	
Article gross weight	31200 g
Article net weight	27800 g
Hose length	13 m
Length of cord	5 m
ENGINE	
Electric protection class	IP X5
Frequency	50 Hz
Phases	1
Power rating	2900 W
Rated current	12.6 A
Voltage	230 V
PACKAGING	
Packaging height	870 mm
Packaging length	400 mm
Packaging volume	139.20 dm ³
Packaging width	400 mm
Quantity in Master pack	1
Units Per Pallet	6 pcs
MATERIALS	
Master pack: Paper + Cardboard	0 g
Metal total	0 g
Paper + Cardboard total	0 g
PE total	0 g
PET total	0 g
Plastic foil	0 g
Plastic rigid	0 g
Plastic total	0 g
PS/EPS/HIPS total	0 g
SOUND AND NOISE	
Sound power level, guaranteed (LWA)	89 dB(A)
VIBRATIONS	
Hand arm vibration (Aeq)	2.5 m/s ²
Vibration (ah) Vibration max ah	2.5 m/s ²
