EXPERIENCE THE POWER *of the* RARE AND THE BEAUTIFUL

## BRAZILIAN SOAPSTONE TOTEM SCULPTURES

Soapstone is skillfully milled into graceful geometric shapes, creating totem sculptures that maintain a purity of form and balance of lines. A sense of movement and intrigue is provided by the addition of carbon steel ornamentation. Elegantly combining the rough and feminine, volume and lightness, these objects form a harmonious unity when placed together thanks to their minimalist and elegant design.

### DIMENSIONS

Totem No. 01: 5" DIA x 14"H / Totem No. 02: 7" DIA x 13.25"H

### COUNTRY OF ORIGIN

Brazil

### MATERIAL & COLOR

Brazilian Soapstone, Brass Decorative Accent - Soapstone is a natural, delicate, soft, and porous rock. The color of soapstone can vary from a gentle beige to bright blue, silvery grey, and even warm pink tones. Darker color veins run through the stone forming a unique pattern to each piece.

### CARE

Scratches can be easily removed by gently sanding and polishing the area with a fine grit sandpaper.
