

TURN TO WELLNESS

Introducing the **Human Touch® Circa ZG Chair**. Circa combines the therapeutic benefits of zero gravity seating with air massage technology, soothing heat, and power-adjustable seating. Control the chair using the included remote or the easy-access, one-touch armrest controls. Designed with a durable, steel swivel base paired with luxurious leather and an Oak wood-accent, Circa delivers both soothing neutral-posture pain relief and exceptional seating comfort.

The full-support, memory foam pillow cradles the head and neck while providing ergonomic support. Easily adjust the pillow with a magnet that you can move along the spine of the chair.

An added layer of memory foam comfort conforms to your body's unique contours.

Elevation of the legs above the heart helps improve blood flow.

Neutral-posture positioning evenly distributes your body weight to eliminate painful pressure points.

A revolution in seating design, the dual-motor power allows independent positioning of the recline angle and leg elevation.

Zero gravity positioning allows for deeper, more relaxed breathing.
