GLOBE®

GLOBE BOOTS WITH VIBRAM® ARCTIC GRIP PRO

Specifically engineered to perform on wet ice.

FEATURES

- Two times more slip resistant on wet ice than current industry-leading Globe outsole
- Helps to reduce slips and falls in cold and wet conditions
- State-of-the-art sole technology specifically engineered to perform on wet ice
- Deep lugs made with an advanced brush-like filler system for improved and unparalleled traction even after wear
- No sacrifice to durability or service life compared to current Globe outsole
- Stays flexible in extreme cold -40°F/-40°C
- Available on SUPRAFLEX™, SUPRALITE®, SUPREME™, SHADOW™, TECHNICAL, and EMS/Wildland styles
