

PROTECT THE ONES WHO PROTECT US

TopClean Equipment Washers: DECON Series The simple solution for complex cleaning

In the cauldron of a fire, your PPE is your lifeline. SCBA and other gear protects you from exposure to a host of potential toxins and carcinogens. It saves you. But what about your exposed equipment? Contamination is *real*, and it's dangerous.

Get *real* clean with MEIKO's TopClean DECON Series

Over time, SCBA masks, regulators and PPE takes a beating. Every crevice, every surface is contaminated with life-threatening residues you can't even see. Manual cleaning just won't cut it anymore.

The situation calls for more-than-clean

DECON equipment washers get SCBA, PPE and other gear clean like you've never seen. Every crevice, every surface.

Clean you can see. Clean you can smell. Clean you can trust. And with every wash, you get the same consistently high level of clean.

Protect your protection, and yourself

Get *real* clean with MEIKO's TopClean DECON Series firefighter equipment washers.
