

EVOLUTION® 6000 TIC

Features and Benefits

FEATURE	BENEFIT
ONE-HANDED OPERATION	Keeps one hand free for safety and dexterity
ONE-BUTTON OPERATION	Easy to use within extreme situations, with less training required
DUAL-HANDLE DESIGN	Easy handoff among fire fighters; ergonomically correct design offers comfortable grip
THREE CARABINER ATTACHMENT POINTS	Allows flexibility in firefighters' attachment options
FIELD-REPLACEABLE GERMANIUM LENS	Reduced maintenance expense, reduced camera repair down time
LASER POINTER	Enables fast, specific action; acts as buddy light for extra accountability and enhanced safety during RIT operations
FLASHLIGHT	Increased visibility within low light situations; provides lighting without reaching for another tool; acts as buddy light for extra accountability and enhanced safety during RIT operations
RANGE FINDER	Allows for increased confidence to take fast, precise action when deploying fireground tools (hose lengths, ladder sizes)
2X/4X ZOOM	Provides closeup view for areas of interest without physically moving closer
COLOR PALETTES	Provides improved thermal scene detail; enables faster, precise action by pinpointing hot spots
COMPASS	Enhances safety by providing increased situational awareness through displayed letters/icons; enables faster escape and RIT operations
CLASS 1, DIVISION 2 NONINCENDIVE SAFETY	Increased levels of electronic ignition protection
NFPA BASIC MODE	Enhances safety by providing common user interface for untrained personnel within emergency situations
NFPA PLUS MODE	Provides extra features; however, special action that requires additional training does not allow access by those who are not trained
NFPA XTREME MODE	Provides additional video and picture capture capabilities
NFPA XTREME MODE VIDEO CAPTURE	Enables post-incident review and training with thermal image playback
NFPA XTREME MODE PICTURE CAPTURE	Enables post-incident review and training with thermal image
TIC CONFIGURATION SOFTWARE APPLICATION	Flexibility to configure certain camera options to specific fire department needs

Note: This Bulletin contains only a general description of the products shown. While product uses and performance capabilities are generally described, the products shall not, under any circumstances, be used by untrained or unqualified individuals. The products shall not be used until the product instructions/user manual, which contains detailed information concerning the proper use and care of the products, including any warnings or cautions, have been thoroughly read and understood. Specifications are subject to change without prior notice.
