Advanced Knuckle Guard System

Pro-Tech 8's exclusive multi-layer knuckle guard system provides unmatched thermal protection and cut/puncture resistance.

Long Cuff Option

The long cuff model with debris blocker extends the glove body for superior protection at the vulnerable glove-sleeve interface.

Made from the Strongest, Most Durable Leather Available

The renowned Pro-Tech 8 multi-layer design coupled with the unique strength and flexibility of kangaroo leather results in an unmatched combination of protection and performance.

Tensile Strength

Kangaroo is stronger, more durable, suppler and more water resistant than any other leather.
