MEMBER GIVEAWAYS

Members that join through "Pieces of the Cave" NFTs will receive store credit via 25% of our profit from "Pieces of The Cave" NFTs after expenses from the minting and the issuing of physical prints are paid for that quarter. 50 members that hold more than one "Cave Rock" in the member portal will be selected at random to receive another 25% of that profit. While the remaining 50% of the profit will be used in creating new NFT art projects.

"Cave Rock" NFTs drop exclusively within The Cave Membership portal. A "Cave Rock" serves as an entry to member exclusive giveaways. The profit made from "Cave Rock" NFTs will not be part of the giveaway percentage of profit paid out as store credit to members.

CAVE GEMS

The "Cave Gems" game will show five Cave Gems when the member logs in through thecavecollectables.com. The member can play the game once daily and collect 5 "Cave Gems". One "Cave Rock" is equal to 15 Cave Gems, and it will serve as an additional entry into our giveaways. After every giveaway, the amount of "Cave Rocks" resets to the default condition of one. A leaderboard will display the top "CAVE GEM" collectors.

NEW MEMBERS

New NFT art projects will be launched every year and the new members will receive quarterly giveaways of profit based on the NFT collection they purchased through to join our membership. No future drops will include the perk to partner with us on future NFT drops. This is exclusive to "STRATEGIC PARTNERS" that join through "Pieces of The Cave" NFTs.

THE CHARITY AUCTION

The 15 physical 1/1 paintings on canvas featured as NFTs minted through "Pieces of The Cave" will be auctioned off to holders of the NFTs, which they can purchase through the primary or secondary market.

100% of the auction proceeds will go to charity to support under privileged families in our member communities. The NFT represents a ticket to partake in the charity auction and can be sold once "Pieces of The Cave" NFTs are trading on secondary markets. Selling the NFT does not revoke membership at The Cave.

Nor does it give the secondary market purchaser the ability to create membership at thecavecollectables.com. This only becomes available to the primary purchaser who takes part in "Pieces of The Cave" NFT Drop through thecavecollectables.com
