

Burrito Style Pillowcase (Standard Size)

Main fabric: $\frac{3}{4}$ yard

Cuff fabric: $\frac{1}{4}$ yard

Accent band: 2.5" x WOF (Width of Fabric ~42")

1. Fold the accent band in half lengthwise with Right Side facing out and press with hot iron.
2. Line up the cut raw edges along the WOF and layer the three

fabrics starting by placing the cuff fabric right side up, then the folded accent band (fold at the bottom), and the main fabric next, right side down. It's OK if the fabrics are different lengths, you'll trim those later in Step 8.

3. Pin in three or four places to hold everything in place.
4. At the opposite end, starting at the bottom of the main fabric, start rolling toward the top where the pins are.
5. Keep rolling until you are about 3" from the pins.
6. Under the rolled main fabric you see the cuff fabric. Carefully line up the cuff fabric bottom edge

with the other raw edges to create a burrito-type tube and re-pin the whole thing really well.

7. Now take that little fabric 'burrito' to the sewing machine and sew along the pinned edge using a $\frac{1}{4}$ " seam.
8. After sewing pull the fabrics out from the tube and press. If the selvage edges are not even, then trim them with a rotary cutter. Pillowcase should be ~21" wide
9. Fold the pillowcase in half with right sides together, matching the seam. Pin if needed. Start sewing at the cuff end of the pillowcase and sew to the opposite end using a $\frac{1}{2}$ " seam. Turn and sew the bottom end of the pillowcase.
10. Turn right sides out and press.

Voila! You're done!
