Li-ion Battery Pack
EXB-4500Wh

Dear Customer,

Thank you very much for purchasing the EXB-4500Wh! We designed this product as the expansion battery storage for the MPS3K-4500 unit to help grant you energy independence. We have the utmost confidence in this product's performance and quality. Please feel free to contact us at Hysolis.com if you have any questions. Enjoy using your Hysolis products, and may it positively affect your future endeavors!

Sincerely,
The Hysolis Team

IMPORTANT

Before use, charge your battery to 100%. This will ensure a healthy, long-lasting battery.

This product generates high voltages! Improper use can cause injury or death. Exercise caution when using the unit.

Do not let it get strike, heat, wet or dirty. Allow for proper ventilation. Avoid temperature extremes. Inspect the unit upon receiving. Follow proper wiring procedures.

Disassembling or modifying the product will void the warranty.

Read the manual carefully before using the product.
